

Jacksonville Daily Journal

JACKSONVILLE, ILLINOIS, FRIDAY MORNING, APRIL 22, 1904.

MOYER TAKEN TO DENVER

CASE BROUGHT BEFORE SUPREME COURT

Held in Custody of Military Pending Court's Decision—Another Officer of Miners Gets in Trouble With Militia.

Denver, April 21.—President Charles H. Moyer, of the Western Federation of Miners, who arrived in Denver to day in custody of state troops after several weeks' incarceration at Telluride, where martial law is in force in consequence of labor troubles, was taken before the supreme court this afternoon under a writ of habeas corpus which had been issued in his case.

Attorneys for the military stated Moyer was restrained of his liberty under and pursuant to the express command of the governor and commander in chief of military forces of Colorado as a military necessity in the course of suppression of an insurrection in San Miguel county; denying the jurisdiction of the court and that Moyer was presented not to recognition of the court's order, but as an act of courtesy on the part of the governor to the court.

The court heard arguments on motion of the petitioner to be admitted to bail pending decision on the question of the court's jurisdiction and took the matter under advisement. Moyer was removed to a hotel in custody of the military.

Defying a detachment of cavalry which brought Moyer before the supreme court, W. D. Haywood, secretary-treasurer of the federation, attempted to hold a conversation with Moyer while he was being taken from the train. Haywood refused to obey the order of the guard to stand back and struck the commanding officer. He was immediately attacked by a number of troopers and probably would have been killed but for the intervention of Captain Welles, who rescued him from the guardsmen. When the police demanded the release of Haywood on the ground that military rule did not extend to Denver, General Bell replied that he intended to hold Haywood as a military prisoner and would shoot any one who attempted to take him. Nevertheless, under orders from the governor, Haywood was surrendered to the sheriff and placed in jail.

WANT "OPEN SHOP"

Des Moines Association of Employers Issue Ultimatum to Their Workmen.

Des Moines, April 21.—The Employers' Association of Des Moines, which has locked out all union employees, has prepared an ultimatum to the locked-out building trades unionists of Des Moines, the substance of which is an open shop policy in Des Moines. Conditions upon which employers propose to settle difficulties is that there shall be absolutely no discrimination between union and non-union men. This proposition may settle the big strike that now is on here.

BANK WRECKERS SENTENCED.

Indianapolis, April 21.—Walter Brown, a director of the Indiana National bank of Elkhart, and a member of the Republican state committee and member of Governor Durlin's staff, was sentenced to eight years in the penitentiary for participation in wrecking the bank. James Broderick, president, was given ten years and W. L. Collins, cashier, six.

DAUGHTERS OF REVOLUTION.

Washington, April 21.—The Daughters of the American Revolution appointed a committee to urge upon congress a resolution for bringing the remains of John Paul Jones to the United States. The report of the committee on continental bank was read also. Among contributors from chapters was \$1,000 from Indiana. Illinois contributed \$1,500.

INTERSTATE SHOOT.

Kansas City, April 21.—J. Wilmet, shooting from the 30-yard line, won the mid-winter interstate shoot at twenty-five live birds to day, making a straight score. T. H. Marshall, of Kellsburg, Ill., and Ed O'Brien, of Florence, Kan., each 22 yards, and Russell Klein, 21 yards, each killed twenty-four birds. Fred Gilbert, of Spirit Lake, Iowa, and W. R. Crosby, of O'Fallon, Ill., were the high handicap men, shooting from the 25-yard line. Gilbert's score was 23 and Crosby's 21.

CUMBERLAND DERBY.

Nashville, April 21.—Mrs. M. Goldblatt's Rainbird, an added starter, 10 to 1 in betting, won the Cumberland derby at a mile and an eighth to day in easy fashion. The stake was worth \$3,135 to the winner. Katie Bower was second; Cheboygan, third. Time, 1:19½. Rounding the first turn, after being mixed up at the start, Brancas, the favorite, stumbled and Jockey Lynde unseated.

POLICE NEWS.

J. W. Weis was arrested by Policeman Murgatroyd for drunkenness.

SEIZURE OF SCHOONERS

May Result in More Trouble Nicaragua Accused of Piracy by British.

Kingston, Jamaica, April 21.—The British cruiser Retribution, which is under instructions from the imperial government, sailed from Kingston April 11 for a Nicaraguan port in connection with the seizure of six Cayman turtle schooners and arrest of their crews by Nicaraguan officials, returned to Port Royal from the Nicaraguan coast to day after ascertaining that the vessels and crews had been sent to Bluefields. The captain of the Retribution accused the Nicaraguan commandant, under whose orders the schooners were seized, of piracy. There is consternation among Nicaraguan officials over the affair. It was necessary for the Retribution to return to Port Royal to get coal, but the cruiser will sail for Bluefields Saturday next to demand the release of the prisoners and boats and also compensation for their illegal seizure and detention. It is rumored that should it be necessary the Retribution will bombard Bluefields.

STUDENTS MADE MERRY

Ran Traction Steam Engine Around College Campus Thursday Night—Evade Police.

Late Thursday night a crowd of college students took possession of the traction engine which is being used by A. F. Franks in excavating for the Park street pavement and proceeded to make merry. There were evidently some in the crowd who were familiar with the workings of a traction engine, for steam was gotten up without difficulty and at about the time the Sigma Pi open meeting was out the engine was run around the campus back of the dormitory, the whistle going at full blast with the valve left down, much to the annoyance of residents in that part of the city, whose slumbers were doubtless rudely disturbed.

The police were notified and Captain Kennedy and Officer Fernandez made the run up to the hill in the patrol wagon. The revelers saw them coming under the electric light at the corner of the campus, however, and made good their escape. The officers found a red hot fire in the engine and very little water in the boiler, so it was deemed safest not to monkey with the machine. Mr. Franks was notified, but stated that there was no immediate danger of the boiler's explosion unless cold water was turned in. As none of the culprits could be found, no arrests were made.

SPRINGFIELD WEDDING.

George E. Keys, son of Mr. and Mrs. Edward Keys, and Miss Frances Padlock, daughter of Mr. and Mrs. James H. Padlock, two of the most prominent young leaders in Springfield social circles, were married Wednesday night at Christ church, Rev. Alexander Allen officiating. Mrs. James A. Jones, of Springfield, was matron of honor and Miss Cobb, of Kankakee, maid of honor. James A. Jones was best man. Mr. and Mrs. Keys left Wednesday night for a tour of the south and west. The groom is associated with this father in the Farmers' National bank, of Springfield.

Mr. and Mrs. Keys are well known in this city, where they have many friends.

KITCHEN RUSH.

Mr. and Mrs. W. M. Morrissey, who have recently returned from their wedding trip, were given a kitchen rush Thursday evening at the home of the bride's parents, Mr. and Mrs. Edward Keating, on East North street. Many very appropriate utensils were given by the company of friends who gathered at the Keating home and a most delightful evening was enjoyed at cards. Light refreshments were served.

MARRIED IN ST. LOUIS.

Thursday's St. Louis Post Dispatch contained the marriage license of William T. James and Mrs. Katherine Kleagle, both of this city. Nothing further could be ascertained concerning the contracting parties.

CAPTAIN MARSHALL'S REPORT.

Washington, April 21.—A report by mail from Captain Marshall, commander of the Vicksburg, giving an account of the engagement at Chemulpo between the Japanese and Russian naval forces Feb. 2, was received by the navy department to day. The report confirms the statements already published regarding the course of the Vicksburg in that affair.

ELECTED OFFICERS.

St. Louis, April 21.—Permanent officers of the executive commissioners' association were elected to day: J. A. Yerling, Nevada, president; J. W. Hawthorne, Missouri, vice president; F. R. Conaway, Iowa, secretary; William C. Inglett, Montana, treasurer.

TESTIFIES UNDER PROTEST

MORMON LEADER HEARD IN SMOOT CASE

Feature of Hearing Yesterday Was Testimony of A. M. Cannon—Proceedings of Senate and House.

Washington, April 21.—The feature of today's hearing in the Smoot case before the senate committee on privileges and elections was the testimony of A. M. Cannon, for twenty-five years president of the largest Mormon stake in the world. The testimony was of a personal character, dealing with conviction of the witness of charges of polygamous cohabitation, and was dragged from him under protest that he would be protected from any peril or liability to prosecution for what he had revealed. When assured that his plural marriages, under the statute of limitations, could not be used as evidence against him, he answered most of the questions asked. The same frankness was not apparent, however, when the witness was pressed to reveal the nature of the oath he had taken in the endorsement house. Like other witnesses, he declared the sacredness of that oath prevented him from proclaiming it to the world. His testimony was no less sensational than that given by President Smith early in the investigation. He answered all questions of a personal character, but every admission was made reluctantly and replies to questions in regard to his numerous marriages were as near monosyllabic as possible to make them.

SENATE.

Washington, April 21.—The pension appropriation bill, carrying \$137,000,000, and the emergency river and harbor bill, which carries \$3,000,000, were passed to day by the senate, leaving only the general deficiency and military academy bills of the entire list of supply measures still to be considered by the senate.

The house bill increasing the size of homestead entries in western Nebraska to 60 acres also received favorable consideration.

While the river and harbor measure was under consideration Gorman sharply criticized the failure to bring in the general river and harbor bill.

Speeches were made on the pension bill by McCumber and Scott, the latter declaring he favored a service pension of \$25 a month.

HOUSE.

The house to day gave evidence of approaching adjournment by passing a large number of bills, among them being one to provide a temporary government for the Panama zone.

A rule was adopted, after the Democrats had forced a roll call, for consideration at any time of the bill creating a commission to investigate the merchant marine of the United States and the bill was then laid aside.

TO BE HANGED

Harbin, Manchuria, April 21.—Two officers of the Japanese general staff, a colonel and a captain, arrested by the railroad guard eighteen miles from this place April 16, were found guilty by court martial and sentenced to be hanged. They listened quietly to the sentence of the court, but subsequently asked that their lives be spared. General Kuropatkin confirmed the findings of the court, but, taking into consideration the fact that the accused were soldiers, ordered that they should be shot instead of being hanged.

Paris, April 21.—The St. Petersburg correspondent of the Petit Parisien says he has learned that General Kuropatkin has ordered the advance of the Russian forces which are massed in northeastern Korea, and a brigade of infantry with 5,000 Cosacks, is within a hundred verst of the Tuman river.

London, April 21.—The correspondent of the Standard at Tien Tsin says Japanese troops are now embarking from Corea and possibly are being reinforced by forces on the Yalu river, from which the Russians have practically withdrawn.

DEATHS.

Liberty, Mo., April 21.—W. F. Harbough, president of the Missouri state grange for four years and an officer of the national grange for many years, is dead, aged 72.

Pittsburg, April 21.—Commodore William J. Kuntz, one of the most widely known men in western Pennsylvania, is dead, aged 85. He was prominent in the civil war. For fifty-three years he owned and operated boats on western rivers and was known from Pittsburg to the gulf, and Cairo to the headwaters of the Missouri and Platte rivers.

PHYSICIAN KILLED.

Cleveland, Ohio, April 21.—Dr. Ignatz Friedman, a prominent physician of this city, was killed to night as the result of a collision between his carriage, in which he was riding, and a street car.

TRACK WASHED AWAY.

Helena, Mont., April 21.—One mile of track of the Great Northern railway was washed away by the flooding of Milk river at Minot, N. D.

WRECK NEAR BLUFFS

Head End Collision of Freight on the Wabash.

A head-end collision on the Wabash between two extra freight trains occurred near Neelyville about two miles this side of Bluffs Thursday morning between 1 and 2 o'clock. The east bound freight was drawn by engine No. 478 and was in charge of L. D. Palmer, engineer, and Will Levey, conductor, while Frank Adams and Frank Francis had charge of the west bound train, drawn by engine No. 281.

Both trains were badly demolished. Engine 281 left the track, the tender falling on the opposite side. No. 478 was telescoped with her tender and rounded on the rails. Fortunately no one was injured, though the loss in time and destruction of rolling stock will amount to considerable.

A wrecker was sent to the scene of the accident as soon as possible, but the road was not cleared until some time during the afternoon. Passengers on trains 2, 1 and 20 were transferred at the scene of the wreck, No. 2, which leaves here at 1:15 p. m., being the first to get through.

BASE BALL

NATIONAL LEAGUE.

Chicago, April 21.—A single and double in the eighth gave the visitors one, Chicago scoring four in the same inning on two passes, an error and three singles.

Chicago..... 4
St. Louis..... 1
Batteries—Wicker and Casey; O'Neill and Myers.

Pittsburg, April 21.—The locals won by hitting Hahn for two triples and three singles in the third.

Pittsburg..... 5
Chicago..... 1
Batteries—Scranton, Smith and Phelps; Hahn, Elliott, Peltz and O'Neill.

New York, April 21.—Thirty-five thousand people saw Fraser pitch to day game, only allowing New York four hits.

New York..... 1
Philadelphia..... 3
Batteries—Matthewson, Witte and Howernan; Fraser and Dohm.

Boston, April 21.—Boston won a light hitting game from the visitors.

Boston..... 3
Brooklyn..... 2
Batteries—Fittinger and Moran; Poole and Bergen.

AMERICAN LEAGUE.

At Philadelphia—
Philadelphia..... 3
New York..... 2
Batteries—Waddell and Schreck; Powell and McGuire.

At St. Louis: Postponed; wet grounds.

CONFESSED TO ROBBERIES

Chicago, April 21.—Four men—Frank Howard, Albert Schoeppe, William McFadden and John Mack—were arrested to night on charge of having committed numerous burglaries and holdups in the city. After they had been locked up the men confessed to numerous crimes of a similar character committed in the south, the principal one being a gambling house in Memphis, where, they said, they compelled twenty men to line up while they searched them, but got less than \$400. Later they planned to rob the State bank of New Orleans. It is said, but gave up the undertaking when they found it would be necessary to kill two clerks. "We would have killed them," said Mack, "if it had not been for the quick work in the case of the ear barn bandits in Chicago. I would not stand for murder after that, and we gave up the job."

FAVOR DISTRIBUTION PLAN.

Hoboken, N. J., April 21.—At a special meeting of stockholders of the Northern Securities company here to day 2,040,000 shares voted in favor of the pro rata plan of distribution of assets recommended by the directors, and none against.

INJUNCTION REFUSED.

New York, April 21.—Justice McLean in the supreme court to day dismissed the application of Verner & Co. for an injunction to prevent the Equitable Trust company from accepting Northern Pacific and Great Northern railway stocks held by the Northern Securities under the Hill plan.

HAD NO FRIENDS.

New York, April 21.—Harold Stephenson, aged 21, said to be a son of Kate Crichton, the actress, shot and killed himself to day. In a letter to his mother he said he destroyed himself because he found it impossible to make friends.

FAVOR HOME RULE.

Dublin, April 21.—The annual nationalist convention at the mansion house here to day, which was well attended and excited much enthusiasm, passed a resolution in favor of home rule and expressing confidence in Irish members of parliament.

HANGED HIMSELF.

Crookston, Minn., April 21.—Peter Engh, a prosperous farmer living near St. Hillare, to day was found dead, hanging to a tree, near his home. Early in the week Engh is alleged to have beaten his wife so badly that she may not recover. He was arrested, but the warrant was found defective and Engh was released. Indications are that he committed suicide.

PLEGGED TO SUPPORT OLNEY

DEMOCRATS OF MASSACHUSETTS SO INSTRUCT.

Supporters of Hearst Defeated by Vote of 600 to 200—Proceedings Marked by Scenes of Turbulence.

Boston, April 21.—By an overwhelming vote the Massachusetts Democratic convention to day instructed four delegates-at-large and twenty delegates from districts to support Richard Olney, of Boston, for the presidential nomination at the St. Louis convention. Four delegates-at-large pledged to the support of Olney as a presidential nominee were defeated by a vote of about 600 to 200. Resolutions endorsing the candidacy of Hearst were voted down by a very large majority. The following were elected delegates-at-large: William A. Gaston, Boston; Patrick A. Collins, Boston; William L. Douglas, Brockton; John R. Thayer, Worcester; George Fred Williams, leader of that faction of the Massachusetts Democracy supporting the candidacy of William H. Hearst, made a vigorous protest against the adoption of the unit rule, but the convention by a vote of nearly three to one refused to strike from the platform the clause calling for unanimous action with reference to presidential nominees and after adopting the resolutions presented by the majority of the its committee, on motion of Josiah Quincy, voted that the unit rule govern not only the support of Olney, but all matters pertaining to the convention.

The platform adopted consisted of a single plank, an endorsement of Olney's candidacy and instructions to delegates to vote as unit for him.

The proceedings were marked at the times by scenes of the greatest turbulence. It was during reading of the majority resolutions that the convention reached the climax of its turbulence. The first mention of Olney's name evoked prolonged applause, but when the introduction of a motion for adoption of the unit rule was made there was an uproar. Shouts of "No, No," from Hearst delegates rang through the hall and cries of "It's an outrage" could be distinguished in the general noise and confusion. Suddenly the Hearst delegates stood upon their seats and with great enthusiasm gave cheer after cheer for Hearst. The spirit seemed to infect the Olney men, for they, too, stood and cheered heartily for their choice. When this demonstration, which lasted several minutes, had subsided John A. Coulthrust read the minority report endorsing Hearst as the Democratic nominee. Reading of this report was the signal for another uproar. The question then came upon substitution of the minority report for the majority report. A heated debate followed, several delegates seizing the opportunity to make impassioned speeches in behalf of Olney or Hearst. Delegate Cunningham, of Somerville, declared if the Hearst delegates were not given a fair show they would form a new party.

During this debate cheers, hisses, hand-clapping and interjected exclamations of approval or disapproval continued. The vote on the question of substitution resulted in an overwhelming victory for the Olney forces, the motion to substitute being lost by a large majority. After the adoption of the "unit" rule the convention adjourned.

WILLIAM A. SMITH RENOMINATED.

Grand Rapids, Mich., April 21.—Congressman William Alden Smith was unanimously renominated this afternoon by the Republican convention of the fifth district. Delegates to the national convention are William Judson, of Grand Rapids, and Herman F. Harbeck, of Grand Haven. The delegates are instructed for Roosevelt. Fairbanks, of Indiana, was endorsed for vice president.

OVER SIX HUNDRED BALLOTS.

Findlay, Ohio, April 21.—Ralph D. Cole, of Hancock county, was nominated to night for congress by the eighth district Republicans on the 64th ballot. A deadlock had existed for two days.

RENOMINATED.

Oshkosh, Wis., April 21.—Congressman James H. Davidson, of Oshkosh, was renominated by the Republicans of the eighth congressional district to day.

La Crosse, Wis., April 21.—John J. Esch was unanimously renominated by the Republicans of the seventh district for congress at Sparta to day.

A common hare skin can be made to represent a valuable dark brown fox, and to such perfection that only an expert may discover the difference. A common Arctic fox skin, original cost only \$2.50 transported to Leipzig, is deftly turned into a first class dark brown fox worth \$30 to \$50. A marmot skin, after treatment, successfully represents a sable skin; a rabbit is made to represent a fur seal skin.

SURE CURE FOR PILES.

Itching piles produce moisture and cause itching. This form, as well as blind, bleeding or protruding piles are cured by Dr. Bo-san-ko's Pile Remedy. Stops itching and bleeding. Absorbs tumors. 50¢ a jar. Treatise free. Write me your case. Dr. Bosanko, Philadelphia, Pa. For sale by Leo P. Allcott.

PLAN DEFEATED.

Toronto, Ont., April 22.—An attempt to recommit before the Ontario legislature the bill providing for a government loan of \$2,000,000 to rehabilitate the industries at the Soo which were rendered idle by the failure of the Consolidated Lake Superior company to meet interest payment on their bond issue was defeated at 1 o'clock this (Friday) morning. The right of Messrs. Conmee, Bowman and Stratton, government members, to vote on the measure was challenged by the opposition on the ground that they were financially interested in the Soo enterprises. Their right to vote will be discussed this afternoon. If their votes are accepted the measure will pass by a majority of three. Otherwise there will be a deadlock.

SURE CURE FOR PILES.

Itching piles produce moisture and cause itching. This form, as well as blind, bleeding or protruding piles are cured by Dr. Bo-san-ko's Pile Remedy. Stops itching and bleeding. Absorbs tumors. 50¢ a jar. Treatise free. Write me your case. Dr. Bosanko, Philadelphia, Pa. For sale by Leo P. Allcott.

PRIZE FIGHTS.

Baltimore, April 21.—Joe Gans, of this city, lightweight champion, won the decision over Sam Blen, of Philadelphia, to night in a fifteen-round bout.

St. Louis, April 21.—Kid Goodman, of Boston, got the decision to night over Aurelio Herrera at the end of the twenty-fourth round.

RUSSIANS FLEEING

Report From London Says Hundreds Drowned While Crossing Yalu River.

London, April 22.—The correspondent of the Times, cabling from New Chwan, says a messenger has arrived there from the Yalu river with information that the Russians are fleeing north across the river in overcrowded boats and are being hundreds by drowning.

Paris, April 21.—The St. Petersburg correspondent of the Echo de Paris says that notwithstanding the amnesty between Alexander and Skrydloff the clergy did not object to the appointment of the latter to the command of the naval forces in the far east, recognizing that it was unavoidable.

WAR REPORTS.

Berlin, April 21.—The correspondent of the Frankfurter Zeitung, writing from Harbin, Manchuria, says: "Great bitterness has been aroused throughout Manchuria against Americans and British because it is believed American and British vessels took part in the bombardment of Port Arthur under the Japanese flag. The belief though apparently is due to the fact the Japanese fleet is larger than the Russians anticipated and included unknown types of vessels. Feeling is strong that Americans and British are not safe anywhere in Manchuria. One American and several others, including a Canadian, have disappeared. Authorities are looking for them. It is reported an Englishman arrested at Port Arthur as a spy was taken to Golden and hanged. Flying of so called flower boats on the Yalu river, mostly under the American flag and carrying American goods, will be prohibited."

St. Petersburg, April 21.—Foreign Minister Lamsdorff has been notified that the United States reserves all rights she may have under international law in event of any American citizens being affected by Russia's decision in the case of war, respondents using wireless telegraphy. This notification does not involve a protest against Russia's course, it simply reserves whatever rights may exist in regard to the yet unadjudicated question as to wireless telegraphy in time of war.

St. Petersburg, April 21.—Russia has made a new issue of \$15,000,000 in paper currency against free gold in the state bank. At the ministry of finance it was explained it was an ordinary issue and in no sense forced.

The Associated Press is authoritatively informed the daily expenses of the war are averaging \$750,000. It is estimated the year's expenditures will total \$250,000,000. To meet this there is a free balance of \$115,000,000, leaving ostensibly \$135,000,000 to be found. No foreign loan has been arranged and none is desired, if it can be avoided.

Tien Tsin, April 21.—Two Japanese have been caught disguised as Lamas with 300 pounds of gun cotton in their possession, attempting to destroy Naim bridge. They have been conveyed to Port Arthur for examination and will be dealt with according to martial law.

Port Arthur, April 21.—All is quiet here since the 15th. There are no signs of the enemy's transports off the coast of the peninsula.

Tokio, April 21.—The war office is flooded with applications from men of every age and condition of life for permission to go to the front. The authorities here believe 500,000 volunteers will be easily obtainable should they be needed.

St. Petersburg, April 21.—Ships of the Baltic fleet here and at Lifu will be in commission next week. The naval reserves at neighboring provinces are arriving for distribution to ships.

St. Petersburg, April 21.—The admiralty, it is announced, intends to fit out two ships purchased from Germany, which formerly were in the trans-Atlantic service, together with a number of ships of the volunteer fleet, with rapid fire guns and send them to the Pacific to prey upon Japanese commerce. The admiralty believes that by this means it can prevent resumption of operations by the Japanese commercial fleet and strike a hard blow against the Japanese hope of maintaining her resources for prosecution of the war.

CAN SEE HER SON

Springfield, April 21.—Mrs. Van Dine, mother of one of the condemned bandits, was on the point of departure for Pittsburg to see Governor Yates to make a personal plea for clemency, when she changed her mind, fearing that if she were not successful she would not arrive in Chicago in time to bid her son goodbye. She accordingly sent Governor Yates a telegram to that effect and asked that a respite of a few hours at least be granted in order that she could bid him farewell. She left for Chicago at night. Governor Yates telegraphed Sheriff Barrett of Cook county to allow Mrs. Van Dine to see her son to night no matter how late she might arrive at the jail. Mrs. Van Dine received a copy of this message when her train arrived at Joliet.

Governor Requests Sheriff to Postpone Execution Until Arrival of Van Dine's Mother.

Springfield, April 21.—Attorney General Hamlin, to whom Secretary of State Rose referred the protest of the Standard Oil company of Kentucky against granting a license to incorporate the Standard Oil company of Illinois by M. Maxon, of Decatur, and others, to day decided in favor of Maxon and his associates. The Kentucky company's objection was based on the similarity of names.

DECIDES PROTEST.

Springfield, April 21.—Attorney General Hamlin, to whom Secretary of State Rose referred the protest of the Standard Oil company of Kentucky against granting a license to incorporate the Standard Oil company of Illinois by M. Maxon, of Decatur, and others, to day decided in favor of Maxon and his associates. The Kentucky company's objection was based on the similarity of names.

PRIZE FIGHTS.

Baltimore, April 21.—Joe Gans, of this city, lightweight champion, won the decision over Sam Blen, of Philadelphia, to night in a fifteen-round bout.

YATES WILL CASE

Supreme Court Decides Pike County Will Controversy.

In the case of Jefferson Orr, trustee of the estate of William H. Yates of Pike county, against Mary Maria Yates and others, the supreme court reversed and remanded the case, holding that the clause is valid which left a part of the estate of William H. Yates to Jefferson Orr, the sole executor of the will, in trust for his daughter, Mary Maria Yates, this portion of the property being what is known as the Putz farm, located near Griggsville, and being worth about \$50,000, the trust being during the life of Mary Maria Yates, and in case she died without children, the farm to be equally divided among the brothers and sisters of the testator, Catherine Rush, Emma Fisher, Monroe and Edward Yates, Elda M. Orr and Mattie McMahon, and creating a trust fund from the rentals of the farm.

Lydia Yates, widow of Mr. Yates, and Mary Maria Yates brought suit against Judge Orr in the Pike county circuit court, to the section creating the trust, and held that the legal construction of the will would vest the life interest of the estate, except the Putz farm and the remainder in fee simple to the daughter, and that the limitations over to the brothers and sisters are null and void, holding the clause relating to the trust fund is ambiguous and uncertain, and did not provide what should become of the trust fund in case of the death of Mary Yates.

The Pike county circuit court rendered a decree vesting all the real estate in Mary Maria Yates, except the Putz farm and the homestead, and declaring the fourth clause attempted to be created in Jefferson Orr of the Putz farm void, owing to the incompleteness and ambiguity of the terms. It declared Mary Maria Yates seized of life estate in the Putz farm and in case of her death after her mother without children, both the farm and all the property.

The supreme court reverses and remands the case with orders for further proceedings in accordance with the views of the court, which holds that the meaning of the trust fund clause is not so ambiguous and uncertain as to render its provisions void, and the decree, inasmuch as it finds the life estate in Mary Maria Yates is erroneous, the supreme court holding that the contents that the trust fund clause does not provide what shall become of the fund in the event of Miss Yates' death without descendants, and that there are no provisions for an accounting by the trustee to cestui que trust, or when he shall turn over the fund to the cestui que trust does not invalidate the clause.

In the case of Rev. Ferdinand Dickinson, who sought to secure eight shares of stock in the Griggsville National bank out of eleven shares held by himself, his brother, Samuel W. Dickinson, and his sister, Myra B. Cushing, in which the Pike county circuit court held that the stock should be evenly divided between the three, the supreme court affirms the decision of the lower court.

PNEUMONIA IS ROBBED OF ITS TERRORS.

by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. J. A. Obermeyer, City drug store.

STATE NEWS

WANT "AD" WINN BRIDE.

Taylorville, April 21.—Harvey Madaris, aged 80 years, one of the best known residents of Palmer, has gone to Indianapolis where he expects to be married.

"Uncle Harvey," as he is always called, has been married twice, both of his wives being dead. He owns a good farm and a comfortable home near Palmer and since the death of his second wife has lived there alone. He placed an advertisement in a matrimonial paper for a wife, stating his age and wealth. It was not long until he received many proposals from women all over the country, which were in nearly every case accompanied by photographs.

Among the many applicants for "Uncle Harvey's" hand he selected a middle-aged woman living in Indianapolis. He wrote to her telling her that he would marry her and to come to Palmer, he replied that if he did not think enough of her to come after her she would call the deal off.

This turn of affairs did not please the aged suitor and took the next train for Indianapolis, where he will be married. Mr. Madaris is hale and hearty, and bids fair to enjoy many years of married life.

ACCUSED OF GIRLS DEATH.

Stirling, April 21.—Clyde A. Graves, of Paw Paw, accused of causing the death of Miss Alma Barnhart, was arrested there on a warrant sworn out by Coroner Smith.

Miss Barnhart was a beautiful girl and prominent in society here. Graves, who is a cigar stand, is confined in jail, being unable to secure bonds. Along with the death of the girl one of the most prominent physicians of the village has disappeared. The parents of the girl are wealthy and are spending neither time nor money in searching for him.

MRS. TERRY IN PRISON.

Springfield, April 21.—Mrs. Mary Terry commenced her sentence of twenty years at the Joliet penitentiary last night for the murder of Leona Cranberry. The convicted woman was taken to prison at noon yesterday by Sheriff Ben H. Brainerd, and her husband, William Terry, was the last one to say good bye.

When arraigned before Judge James A. Crighton in the Sangamon county circuit court yesterday morning Mrs. Terry did not appear to be worried, and had nothing to say. When sentence was being passed she stood with a bowed down head. She was then taken from the court room to the county jail where she prepared for the trip to Joliet. Shortly before noon the start for the train was commenced, and before departing she bade good bye to the jail attendants.

SNOOT-GRIMES CASE SETTLED.

Taylorville, April 21.—The jury in the famous Snoot-Grimes log case, which had been on trial in the circuit court for ten days, brought in a verdict after five minutes' deliberation, finding in favor of the defendant. This was the third trial of the case. In the first trial the plaintiff took a non-suit and in the second the plaintiff was awarded a judgment for \$500. The suit was based on the sale of 640 acres of land in Fayette county by William Grimes, of Rosemond, to John Snoot, of Modesto. There was about \$2,500 worth of logs piled upon the land and Snoot affected to believe that they were included in the sale. Grimes later removed the logs and Snoot brought suit for \$2,500, which he claimed was approximately their value. The costs in the case amount to about \$2,000.

BOUGHT THE STEAK.

Taylorville, April 21.—Dick Eader, of Mt. Auburn, was released from the county jail yesterday after serving out a sentence for assault and battery. Three months ago Eader left home early one morning to get some breakfast for breakfast. When he left he fell in with a crowd of young

men who induced him to go with them to Pama. There he became involved in a quarrel that led to his arrest.

Before leaving jail yesterday morning he borrowed fifteen cents from the sheriff with which to buy the steak, as he said he did not want to disappoint his wife.

ELECTION AT BEARDSTOWN.

Beardstown, April 21.—Beardstown elected four aldermen, as follows, on Tuesday: First ward—Silvester Wilds, Democrat, on citizen's ticket.

Second ward—Albert J. Knight, Democrat, on people's ticket.

Third ward—Theodore Fisher, Republican, on progressive ticket.

Fourth ward—George Lukemeyer, Democrat, on progressive ticket.

SHOT BY GAME WARDEN.

Tuscola, April 21.—Ben and Edward Kennedy were shot and wounded by Deputy Game Warden David R. Stovall and Constable Huff at Atwood. The Kennedy brothers are alleged to have been doing an extensive business stealing chickens. Deputy Stovall fired three shots at Ben Kennedy, making a fatal wound. Constable Huff shot Ed, but he escaped and was found in a lively scab with a bullet hole in his leg.

TWINS SENT TO PONTIAC.

Bloomington, April 21.—Paul and Percy Lyons, twins, 11 years old, were yesterday sentenced at Paxton to the reform school at Pontiac for stealing \$15 from a church. Their mother, who lives at Gibson City, appeared and asked the court to send the boys to the reformatory as she could not control them.

INJURED BY POPGUN.

Bloomington, April 21.—As Carl Duncan, carrier on rural route No. 1, from Delavan, was leaving a school house, one of the pupils shot a popgun. The missile struck Duncan in the eye, destroying the sight of the member.

COUNTY COURT.

LAW CASES.

James M. Baker, executor, etc., vs. Benjamin F. Allen, alias B. F. Allen; assumptit. By agreement of both parties cause certified to circuit court of Morgan county for disposition and trial, and clerk ordered to certify same.

PEOPLE'S CASES.

People vs. Callic Taylor. Motion for new trial overruled. Ordered committed to Geneva home for female offenders.

Court adjourned for term.

BILLS FOR DIVORCE.

Anna B. Woodman, through her attorney, T. F. Smith, has filed a bill for divorce in the circuit court, asking for legal separation from her husband, Walter J. Woodman, to whom she was married Aug. 20, 1901, in this city. The bill alleges cruelty as the ground for divorce.

EADS.

Minnie Eads, through her attorney, J. H. McDonnell, has filed a bill for divorce in the circuit court, asking for legal separation from her husband, Robert Eads, to whom she was married June 3, 1896 in Jacksonville. Repeated cruelty is the ground alleged in the bill and the complainant asks for the custody of their three children, Sarah Ann, Lucile Elizabeth and Lula May Eads.

REAL ESTATE TRANSFERS.

L. S. Doane to H. G. Gilmore, lot 122, car shops addition; \$750.
M. M. Hinchey to J. Vaseconcellos, part of lot 8, Lambert's north addition to Jacksonville; \$900.
John M. Hurst to Elizabeth Bancroft, west side of nw¼ of sw¼, 30-13-9; \$500.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. J. A. Obermeyer, City Drug Store.

PROBATE COURT.

Estate of Margaret Haley, deceased. Appraisement bill approved.

The last will and testament of Harriet L. Melendy, deceased, was filed for probate in the county court Thursday.

CHANCE FOR CITY READERS.

Coupon Worth 25c if Presented at Hatch Drug Store.

In order to test our great circulation and its superior advertising value, we have made arrangements with Hatch, the popular druggist, to offer one of his best selling medicines at half-price to anyone who will cut out the following coupon and present it at his store:

COUPON

This coupon entitles the holder to one 50c package of Dr. Howard's specific for the cure of constipation and dyspepsia at half-price, 25c.

We will refund the money to any dissatisfied purchaser.

Hatch Drug Store.

TWENTY-FIVE CENTS.

Dr. Howard's specific for the cure of constipation and dyspepsia is not an unknown remedy. It has made many remarkable cures right here in Jacksonville and so positive is Druggist Hatch of its great superiority in curing dyspepsia, constipation, sick headache and liver troubles that he will, in addition to selling it at 25c, refund the money to any one whom it does not cure.

TOO MUCH MEDICINE

As System continually wrangled by over-eating and over-drinking, and the debilitated condition aggravated by dosing with harsh, nauseous drugs and medicines

The excessive and indiscriminate use of medicines, in these days, cannot be too strongly deprecated. The food you eat, if properly digested, is all the tonic you need.

Only common sense is needed. The food must be digested and the bowels must not be allowed to clog. Preserve your health by preventing these conditions.

Constipation surely leads to indigestion, biliousness, etc., and these conditions when neglected affect the condition of the blood, debilitate the system, rendering it susceptible to more serious ailments, and less able to resist such attacks.

If your stomach has been abused by over-eating, weakened by drugs or sickness, you won't have to stop eating nor diet yourself. All you need is something that will aid the stomach in its functions and relieve it from being constantly irritated by undigested food. The purest and simplest remedy for this purpose is the CALIFORNIA PRUNE WAFERS, a natural disolvent made from the pure, fresh fruit, a general laxative and sweetener of the stomach—no other medicine is necessary.

When you are bilious, it is a sign that your liver is out of order, and the poisonous bile, instead of being excreted from the body through the intestines, is taken up in the blood. As a result of biliousness, the entire system suffers. There are gripping pains in the abdomen, Headaches, Dizziness, Constipation, Pain in the Right Side, and the skin becomes sallow and yellowish, rough and itchy. Take 2 or 3 CALIFORNIA PRUNE WAFERS after meals, and in a short time your liver will be performing its proper function, driving the bile from the system. Use nothing but CALIFORNIA PRUNE WAFERS—no other medicine is necessary.

CALIFORNIA PRUNE WAFERS, if taken as directed, will positively cure the most obstinate cases of indigestion, Torpid Liver, Constipation, Biliousness, etc., so as to stay cured.

CALIFORNIA PRUNE WAFERS do the work without the slightest pain, griping or nausea. They produce natural and easy movement of the bowels, are easy to take, pure and healthful.

They are Nature's own remedy, better than pill or purge, better than cathartic teas that gripe and nauseate, better than anything for moving the bowels, because CALIFORNIA PRUNE WAFERS are a natural disolvent and not a purge, acting gently and naturally on the contents of the bowels, producing easy movement. They regulate the liver and stomach, cleanse the system and purify the blood, cure all Bowel Troubles, Bad Breaths, Bad Blood, Wind on the Stomach, Foul Mouth, Headache, Pimples and Dizziness. A Liver Tonic from Nature's Laboratory. 100 Wafers, 25c.

California Prune Wafers

Extracted from the Fruit, Sweet and Pure, Easy to Take and Warranted to Cure

BILIOUSNESS, CONSTIPATION, INDIGESTION AND ALL LIVER TROUBLES

100 WAFERS, 25 CENTS

You can eat what you please if you follow each meal with a CALIFORNIA PRUNE WAFER, which quickly dissolves the most indigestible food and helps to carry it through and out of the system in a gentle and healthful manner, without the slightest pain, griping or nausea.

Sold by H. LEE HATCH.

One of Those Geniuses.

"So your husband is busy now, is he?"

"Yes; Lyander has been working pretty steady of late."

"What is he doing now?"

"He's trying to write the Lord's Prayer in the least possible space."—Indianapolis Sun.

Sure of That.

"Do you think you can be happy with me?" he asked after she had accepted him.

"I don't know," she replied, "but I think I have spoiled Miriam Love-ly's chances of ever trying it with you."—Cincinnati Times-Star.

THE ORIGINAL.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for FOLEY'S Honey and Tar and refuse any substitute, as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by J. A. Obermeyer, City Drug Store.

Her Inference.

One day Helen was taken by her mother to visit an artist who happened to be baldheaded. Helen had never been in a studio before, and she was curious about everything. She watched the artist as he worked for a time. Then she picked up one of the brushes and, after examining it carefully, said: "Oh, now I know how you got bald-headed. You used up all your hair to make brushes out of!"—New York Press.

Sweet Thought Lost.

"And," continued Fra Hubbard, "that third thing which makes of love a trinity, which is to say I love you because you love the thing I love."

"We have not published that thought, dear," said Frau Hubbard.

"No," said Fra.

Don't worry about it, dear Hubbard. Somebody published it long ago.—Chicago Journal.

The Sweet Girl.

"It is claimed," she said, "that only 2 per cent of the people who are operated on for appendicitis fail to recover."

"Yes," he replied, "but it would be just my luck to be among the 2 per cent if I tried it."

"Why are you so thoroughly convinced that you're a two spot?"—Chicago Record-Herald.

Read the Journal; 10c per week.

WONDERFUL RESOURCES.

If you are looking for a home and want to visit the west you can do so with very little expense as the Union Pacific will sell one-way colonist tickets every day at the following rates from Missouri river terminals: (Council Bluffs to Kansas City inclusive.)

\$25.00 to San Francisco, Los Angeles and many other Colorado points

\$20.00 to Ogden, Salt Lake City, Butte, Anaconda and Helena.

\$22.50 to Spokane and Wenatchee.

\$25.00 to Portland, Tacoma, Seattle and many other Oregon and Washington points.

From Chicago and St. Louis proportionately low rates are in effect by lines connecting with the Union Pacific.

The Union Pacific has also extended territory to which round trip, home seeker's excursion tickets will be sold as follows:

FROM MISSOURI RIVER TERMINALS To many points in Kansas, Nebraska and Colorado;

To many points in Wyoming, Utah, Montana and Idaho.

To many points in Eastern Oregon and Washington.

One fare plus \$2 for the round trip. Tickets on sale March 15,

April 5 and 19, May 3 and 17, August 2 and 16, September 6 and 20, October 4 and 18.

J. H. Lathrop, G. A., 903 Olive street, St. Louis, Mo.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. J. A. Obermeyer, City Drug Store.

Read the Journal; 10c per week.

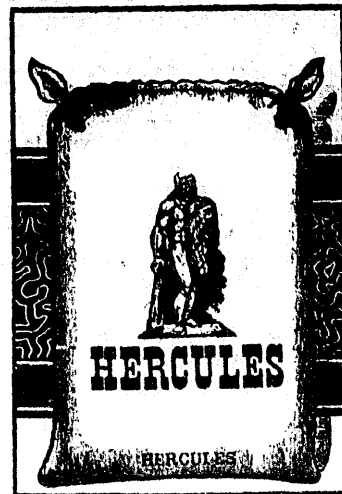

TIED, WORN-OUT WOMEN

Who Fail to Get Refreshed by Sleep, Are on the Verge of a Serious Train of Diseases.

At first there will be a great languor, especially in the morning, faintness, dizziness, weakness or sinking at the pit of the stomach; the appetite will be variable, digestion impaired; palpitation of the heart, shortness of breath, cold hands and feet, headache, paleness, dark circles under the eyes, and a dragging pain across the hips and loins. The blood becomes thin and watery, and the nerves lacking in strength, the complexion sallow, the cheeks sunken, the bust flattened and reduced, the memory poor, the mind weakened, the disposition irritable and nervous, the least noise often producing complete nervous prostration. By feeding the blood and nerves with Dr. Chase's Blood and Nerve Food, the weak parts are made strong, the weight increased, the sunken cheeks and flattened bust fill out and become firm and plump; the enriched blood makes the complexion clear, the lips red, the eyes bright, and gives new life, strength and animation to the system. Five 50c boxes, enough to give it a fair trial, \$2.00. The original genuine is made only by the Dr. Chase Co., Philadelphia, Pa.

Why Fremont Unfermented Grape Juice is Nutritious

Because it's Good, Pure and Unfermented.

FREMONT GRAPE JUICE is not the thing to drink if you must become intoxicated. Thousands of physicians prescribe it in their practice regularly because they have found the FREMONT brand of Grape Juice to be absolutely the life of the grape and nothing else. Alcoholic juices and beverages are temporary stimulants at best, while with FREMONT GRAPE JUICE the good effects are permanent and lasting.

For Sacramental uses, Fremont Grape Juice is certainly the safest, purest and best that can be procured for this purpose.

TEACHERS' EXAMINATION.

The quarterly examination for teachers' certificates began yesterday in the office of County Superintendent H. C. Montgomery. Fourteen took the examinations Thursday, which will continue through to day and Saturday.

A PECULIAR THING.

The Chicago Chronicle in speaking about "The Old Plantation," said: "It is to be deplored that the stage sees so few plays like the one produced last night. If we had a few more 'Old Plantations' there would be no more need of the popular cry, 'Revive the stage.'" At the Grand Friday night.

VALUABLE INFORMATION

Given to the People by Our Local Druggist L. P. Allcott.

We want the people of Jacksonville and vicinity to know that the most valuable and delicious tasting preparation of cod liver oil known to medicine is Vinol.

Vinol contains all the medicinal elements of cod liver oil, actually taken from fresh cod's livers, but not a drop of oil to retard its work.

For this reason Vinol is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we do not believe there is a man, woman or child in Jacksonville at this season of the year but what Vinol will benefit them.

Vinol creates health and strength for old people, weak, sickly women and children, nursing mothers and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequaled to create an appetite, and to make those who are too thin fat, rosy and healthy.

Try Vinol on our guarantee to return money if it fails. Lee P. Allcott Druggist.

Old carpets made new see the wonderful carpet cleanser Phelp & Osborne's basement 50c bottle.

IT IS NOT TOO LATE

You cannot order your spring suit in time for Easter, but do not delay the matter longer. Our stock of suitings is one we are proud of, and the taste of the most fastidious can be satisfied from our elegant offerings.

A. WEIHL, Tailor and Haberdasher.

"IDEAL"
Coal is Reliable

You can depend on "Ideal" coal every hour in the day—every day in the year. "Ideal" coal makes a fire that is a fire—hot, but easily regulated. "Ideal" coal suits the cook—suits the whole household. And not only in cooking does "Ideal" coal excel. It keeps the home comfortable. It laughs at zero temperature. It defies blizzard weather. "Ideal" coal is the most reliable, most satisfying coal that ever was mined. And it's economical. A ton of our "Ideal" coal contains more heat—more value—than a ton and a half of common soft coal. We guarantee it. We know what it is; what it does. Try it. \$3.25 per ton, cash.

FRANK BYRNS

ANNOUNCEMENTS.
I hereby announce myself as a candidate for the office of circuit clerk of Morgan county, subject to the decision of the Republican county convention.
C. L. HAYDEN.

STRAWS INDICATE THE DIRECTION OF THE WIND.

A reporter of this paper, says the Springfield Journal, met a traveling man at the Leland hotel last night, who was telling a group of fellow tourists of a straw vote which was taken last Sunday night on an east-bound Wabash train. There were about 250 passengers aboard. Between Meredosia and Springfield the straw vote was taken, to sound the sentiment on the gubernatorial situation. Of the expressions of those who had a preference, it was found that 107 were for Yates, the others being either for the field or non-committal. On the train there were fifteen colored voters and all of them were for Yates. One of them lived in Eldorado, Saline county, and he was for the governor for the reason that he stood for law and equal justice to all men, regardless of race, creed or color or previous condition of servitude, as was demonstrated some months ago when he called out the militia to vindicate the majesty of an outraged law, in protecting the colored people in their rights.

One of the passengers said he liked Yates because he was a fighter, and not a quitter, and the fact that the executive had put the trust press of Chicago out of commission was sufficient to commend him to all lovers of fair play, of which there is a very large majority among the Republican voters of Illinois.

A gentleman who is also a delegate to the state convention, said: "My county (Madison) sent an un-instructed delegation, but I am convinced that more than half of them are for Yates. The others are looking for the wagon, and when the band begins to play will just jump in, provided there is room in the big vehicle. He is developing remarkable strength among the un-instructed delegates, and it would not surprise me if he is nominated on the first ballot. As to the Rodenberg interview, the less said about it the better it will be for that 'vesty' politician, who allowed his mouth to drip at the wrong time, and who, on that account, will have the light of his life to win in November."

A traveling man, who members all over the state said, "Yates has got a cinch on the nomination. The people are for him and you can't beat a man who is next to 'em. As a rule, the politicians are against him and the only reason they can give is just simply because they are against him. Ask any of them what Yates has done that he should be condemned, and they will stammer and hesitate, and wind up by saying, 'Oh, he—L, give somebody else a chance. Yates ain't the whole cheese.' I'll bet my sample case and year's commission that Yates is nominated on the first ballot, and if you hear of any fakers, call on me at the Aetna house, in Danville. Business was never better in Illinois, and the people don't want a change in political conditions, just simply for the sake of a change. That's all there is to it."

PLEASANTLY SURPRISED.
Ladies' Aid society No. 1 of the Christian church met as usual on Wednesday at the church and during the conversation Mrs. Alice Taylor, president of the society, remarked that thirty-four years ago on Thursday, April 21, she was married and there was snow on the ground. On Thursday afternoon while the good lady was engaged in household duties at her home on Carter street she was called to the door when lot there stood twelve ladies with mysterious looking packages and parcels. Surprise describes her look, but it was quickly turned to joy. The ladies were invited in and proceeded to take charge of the house. Quite a pleasant time was spent in conversation and music, after which refreshments were served by Mrs. Nettie McCarty and Mrs. Ella Taylor. About 5 o'clock all wound their way to their several homes, vowing it a very pleasant afternoon and wishing to have the opportunity of congratulating Mrs. Taylor on many more wedding anniversaries. A Guest.

Glee Club concert at the Woman's College Sat. night.

MISS COLE RETURNS.
Miss Cole, of the Woman's college faculty, has returned from Jarrettsville, Ohio, whither she was called by the serious illness of her father, who is now greatly improved. During Miss Cole's absence her duties were assumed by Miss Stella Shuff.

Joint debate, J. H. S. vs. S. H. S. tonight.

WRECK ON C. P. & ST. L.
A freight wreck on the main line of the C. P. & St. L. above Havana Thursday delayed traffic considerably on that road. The train due here at 11:05 a. m. was delayed by the main line connections and did not get in until 2:15 in the afternoon. The wreck is supposed to have been caused by a broken axle.

PUPILS' RECITAL.
Pupils of Miss Hay will give a public recital over Tindale & Brown's to day at 4 o'clock. The public is invited.

SOUTH SIDE CLUB.
The South Side club will meet this afternoon at 2:30 with Miss Martha Davidson on South Main street.

CITY COUNCIL

CONSIDERED SIDE-WALK ORDINANCE AT LENGTH

Diamond Alley to Be Widened—Street Cars Must Have Fenders—Other Business Transacted.

The city council considered the sidewalk ordinance at length at the meeting Thursday evening, but as the members were so generally opposed to the provisions of Section 1 of the ordinance, which was interpreted by them to mean that the whole expense of the laying of sidewalks under the ordinance could be thrown upon the individual property owner, the matter was referred back to the ordinance committee.

The mayor and city engineer both tried to make it plain to the aldermen that the provisions of the proposed ordinance would in no way prevent the granting of rebates, as has been the practice, the city thus assuming a portion of the expense, but they were of a different opinion and after a lengthy discussion the above action was taken.

A petition was presented providing for the widening of the south end of Diamond alley at an expense of \$900, the city to pay \$500, and the same was granted.

The matter of life ropes and nets for the fire department was referred to the fire committee and a motion prevailed ordering the city attorney to prepare an ordinance requiring the street car company to place safety guards or fenders in front of all cars operated.

The North Fayette street sewer ordinance, laid over at the last meeting, was again considered and the recommendation of the board of local improvements that the sewer be laid from Lafayette avenue to State street was concurred in.

The mayor and city clerk were appointed to secure a visit from the Wabash officials to this city for the purpose of properly laying before them the urgent need of the proposed subway at the East State street crossing, and calling their attention to other needed improvements. The officials will be entertained while here. Mr. Franks, the paving contractor on Prospect, Grove and other streets, objected to the order he had received preventing his tapping water plugs. The matter was referred to the water committee.

THE PROCEEDINGS.
The city council met in regular session Thursday evening with Mayor Davis in the chair and all members present, except Ald. M. L. Hildreth. The minutes of the last regular meeting were read and approved.

A petition of G. F. Hyde, of South Hardin avenue, to build a concrete walk in front of his property was read and on motion of Ald. Cobb the petition was granted.

A petition was presented to the mayor and city council, signed by the owners of lands abutting on Diamond alley, asking that the remaining unpaved portion (220 feet) of Diamond alley, between West State street and West College avenue be widened and paved. The petition recites that the only practical way of widening said alley is by taking eight feet off of the east side of the lot lying west of said alley, which said lot belongs to B. W. Smith. To do this would require the removal of the barns and fences owned by Mr. Smith and to pay him for the outlay, and for the land thus taken he is willing to accept \$900.

After the said alley has been widened, B. H. Merrill, Charles B. Graff, George E. Mathews and B. W. Smith, they being the owners of all the lots abutting on said alley, agree to pay their respective shares according to frontage, for having said alley paved.

Of the aforesaid sum of \$900 to be paid B. W. Smith, B. H. Merrill and Charles B. Graff agree to pay the sum of \$400.

The last paragraph of the petition asks that the council grant the same and that of the expense to be thereby incurred the city shall pay the sum of \$500. The petitioners also ask that a concrete walk of proper width be built on the east side thereof.

The petition was signed by B. W. Smith, Benson H. Merrill, Charles B. Graff, George E. Mathews and Lillian A. Grierson.

Attached to the petition is a list of eighteen signatures of citizens residing in the immediate neighborhood of Diamond alley.

Ald. Ticknor was in favor of granting the petition. The matter had been before a former council and he believed that the thing to do was to grant the petition with the emergency clause attached.

Ald. Moore also favored the petition. He thought the proposition of the property holders fair and believed the widening of the alley would be a good thing for the city. He thought the proper way to provide for the expense of the city was to agree to take the money out of the appropriations to be voted next year.

Ald. Cobb considered the proposition fair and in fact liberal. At one end of the alley two vehicles cannot pass and the city would doubtless get back the money from water rents obtained from buildings contemplated. Ald. Johnson had investigated the matter and favored granting the petition.

Ald. Govein thought the alley should be made wider while the change was being made.

Ald. Babb thought the benefit would be only to a few persons and that the city was asked to expend too much money for such a purpose.

Ald. Govein suggested that the petition be referred to the highway committee and that they try to secure a greater width for the extension.

Attorney George L. Merrill appeared before the council for the petitioners and spoke of the great use made of the alley. The benefit will not be confined alone to the few adjoining property owners, but will be of benefit to the residents all along South Diamond street and to the public generally. He spoke of the matter in detail and stated that under the agreement, as widened, the width of the street would be eighteen feet, with a four-foot sidewalk on the east side. Mr. Merrill urged the granting of the petition.

Ald. Kennedy asked regarding the removal of the barn owned by Mr. Mathews.

Mr. Merrill said that while Mr. Mathews had not made any agreement, he thought this barn would be removed when the alley was widened.

Mayor Davis felt that the request of the petitioners was a public improvement which the council should be glad to assist in. The proposition of the petitioners is a fair one and the improvement would be of great benefit to the entire city. "In this connection let me say that there are a great many other similar cases that should have the attention of the council. For instance, the connecting and widening of East and West North streets. The same is true regarding the extension of South Kosciusko street. I believe the council should grant the petition."

Ald. Doolin also favored the granting of the petition and moved that the council agree to appropriate the sum of \$500 out of the appropriations to be voted next January.

Ald. Moore and Johnson seconded the motion and the motion carried, Ald. Babb, Govein and Kennedy voting no.

Petition for an electric light on the corner of Grove and Westminster streets, signed by property owners in the neighborhood, was read and on motion of Ald. Kennedy the matter was referred to the light committee.

Ald. Johnson, chairman of the public improvement committee, thought the reports of committees were frequently slighted and the mayor suggested that the report of the public improvement committee, as recently made to the highway committee, receive attention from that committee.

Ald. Doolin called up the water shed nuisance of the car barns on Illinois avenue, and the water nuisance arising from the Cherry barn.

Ald. Moore thought that the ordinance passed regarding fire escapes had been poorly enforced. The mayor stated that all parties who had failed to act in the premises had been notified by letter.

Ald. Johnson repeated his opinion that too much carelessness was allowed in the matter of acting on the recommendations of the various committees and that in the future the citizens would regard the action of the council with contempt.

Ald. McGinnis, chairman of the sanitary committee, stated that citizens near the opera house building were objecting to the slop dump in the back of the building and used by the tenants of the building.

On suggestion of the mayor, the aldermen notified the chief of police to see that this nuisance was abated. Ald. Babb stated that complaint was made by citizens along the right of way of the Concord road, complaining of the condition of the street crossings.

Mayor Davis said Roadmaster Jones, of the Burlington, was here yesterday and said the matter would have immediate attention.

Ald. Moore brought up the matter of life lines for the fire department, and on motion of Ald. Moore the matter of life lines and net was referred to the fire committee.

A sidewalk ordinance was read by the clerk, which provided among other things that all sidewalks hereafter laid shall be paid for by the property owners themselves and that no sidewalk shall be built without the passage of an ordinance therefor. The ordinance was quite lengthy and provided for many details to be implicitly followed in the building of all sidewalks.

Ald. Babb thought an appropriation had been passed to pay for the city's proportionate share of all sidewalks built during the current year and he moved that section No. 1 of the ordinance be amended so that the city pay its proportionate share of all sidewalks laid.

Ald. Doolin seconded the motion. Ald. Moore objected to the section compelling the property owners to pay the entire expense of the sidewalk. He had investigated sidewalk ordinances in other places and felt that the ordinance was too severe.

Ald. Vaughn objected because the public shares the benefit of the sidewalk with the property owner and should therefore pay the proportionate share for the benefit. The council would be justly criticised if this ordinance was passed as it stands. It would be better to spend the city's money for sidewalks than for parades.

Ald. Govein thought the practice that had prevailed was for the city to share in the building of all sidewalks.

City and County

H. P. DeFreitas went to Springfield yesterday.

William Duncan was in from Murrayville yesterday.

Miss Pearl Mains, of Virginia, was in Jacksonville yesterday.

Mrs. G. DeFreitas, of Virginia, is visiting friends in this city.

Miss Anna Scott and sister, of Chapin, were shopping in the city yesterday.

Sam Jumper, from Sinclair, was among the business visitors in the city Thursday.

Rev. C. P. Hart, of Danville, was in the city yesterday and spoke at Ebenezer last night.

Mrs. C. C. DeFreitas, who has been quite ill at her home east of the city, is greatly improved.

Peter Handley returned yesterday from Springfield, where he attended the funeral of his brother.

T. J. McManus, of Keosauqua, Iowa, was in the city Thursday on business with J. Capps & Sons.

Thomas F. English, of St. Louis, called on his cousin, Rev. Nathan English, for a short time Thursday.

The Sewing society of the Baptist church will meet with Mrs. Alfred Hayden on West State street this afternoon.

J. M. Cowen, of Oskaloosa, Iowa, was in the city Thursday preparing to start for Ohio with a line of goods for J. Capps & Sons.

Mrs. J. F. Hatch returned to Griggsville yesterday, after visiting at the home of Mr. and Mrs. H. M. Capps, on Mound avenue.

Mrs. Kate Taylor returned to Clinton Thursday, after a two months' visit here with Mrs. Thomas Rapp and Mrs. Charles Glossup.

Mrs. Clarence Fishback has returned to her home in St. Louis, after a pleasant visit with her parents, Mr. and Mrs. John Wood, on South West street.

Mrs. R. J. Landreth was taken to Our Savior's hospital Thursday evening to undergo another operation, this being the second. Her many friends will hope for a speedy recovery.

Mr. and Mrs. Emmett P. Heck left Thursday for Merced, where they will take the steamer Bald Eagle for St. Louis, where they will visit for a few days at the world's fair grounds.

Miss Bertha Anderson closed a very successful second term at East Liberty school Thursday, and she has been engaged for the third term, which certainly speaks very highly of the young lady.

D. T. Williams, of Springfield, superintendent of the Springfield office spent Thursday in the city with H. W. Choate, manager of the local office of the Prudential Insurance company.

Mrs. George Retter and daughter, both of Waverly, were in the city yesterday trading and visiting the family of Mr. Nifong. The young lady belongs to the graduating class of the Waverly high school and will doubtless make a good mark.

Miss Opal Boyer, of this county, has in her possession a nickel on which is engraved, "Illinois State Fair," and also, "C. & A. R. R." The engraving is nicely done and she is anxious to find the engraver. Her address is Jacksonville, R. F. D. No. 6.

TICKETS FOR THE OXFORD COLLEGE LECTURE, ILLUSTRATED WITH STEREOPTICON, TO BE GIVEN BY EUGENE READ, CAN BE HAD AT HATCH'S DRUG STORE, J. A. OBERMEYER'S CITY DRUG STORE AND WILLIAMSON'S GROCERY.

SIGMA PI SOCIETY

Held Annual Open Meeting Thursday Evening—Splendid Program Given.

The annual open meeting of the Sigma Pi literary society was held Thursday evening in the presence of a large audience. President E. P. Brockhouse presided in a pleasing manner and his desk was adorned by a handsome bouquet of carnations.

The meeting was called to order at 8 o'clock. Chaplain L. E. Scott led in prayer. After the roll call and approving of the minutes of the last meeting, T. E. Wylder gave a declamation on "Alexander Hamilton." The gentleman had a splendid subject and spoke with feeling and earnestness.

J. N. Wylder, '04, read a carefully prepared essay on "The Future of the Tropics." He showed the necessity for development in various lines of industry and how the tropics afforded the only place for this development. Mr. Wylder expounded his theories clearly and concisely.

The reader was F. S. McKinney, who read a selection entitled, "The Man Without a Country." His voice was well modulated and he read with good expression.

E. T. Brown was the orator of the evening. He discussed "The Problem of the Slums." Mr. Brown is one of the best speakers of the society and his work showed style and finish. He gave a lucid description of life in the slums and showed how the work of reformation should be accomplished.

The president called on C. A. Cardiel, '06, for the extemporaneous speech and gave him the subject of "The Illinois College in Intercollegiate Debate." Mr. Cardiel spoke well and aroused a great deal of enthusiasm. He was received with well merited applause.

The question for debate was: "Resolved, That the United States is justified in recognizing the republic of Panama."

J. E. Weemple led in presenting the arguments of the affirmative. He showed the necessity for a canal and spoke in a forceful manner.

Owing to the illness of Walter Bellatti, the negative side was defended by F. M. Duckels. He argued that the United States had violated international law and that the hasty recognition was not justifiable.

Harold H. Brook acted as responsible on the affirmative in a capable manner. C. C. Stevenson supported Mr. Duckels on the negative and made a forceful speech.

The president awarded the ability to the negative and the house voted the merits to the affirmative.

THE DEATH RECORD.

COE.

William Coe, aged 64 years, died at his home in Waverly at 1:40 o'clock Wednesday afternoon. Mr. Coe was a well known citizen and is survived by a wife and an only son, Robert E. Coe.

MULHALL.

Mrs. F. M. Coard received a telegram Thursday announcing the death of her cousin, Joseph Mulhall, at his home in St. Louis. He was a young man about 24 years of age and was held in high esteem by his many friends in that city. His father, Mr. Paris Mulhall, died only a few months ago.

Glee Club concert at the Woman's College Sat. night.

The date for the Hayden-Hoge wedding is May 4, instead of May 10, as published. They will be at home after May 10.

CITY COUNCIL

(Continued from Page Four.)

walks and it was wrong to change the practice after it had been followed so long. He thought the city should lay the sidewalk and the property owner pay his proportionate share.

Ald. Kennedy raised the question of taxing vehicles and thought if such an ordinance was not on the books the ordinance committee should prepare one. He spoke of this in connection with the sidewalk ordinance, section 1 of which he strongly objected to.

Ald. Higgins and McGinnis also objected to the incorporation of section 1 in the ordinance.

Mayor Davis stated the ordinance was prepared to read as it did for the purpose of enforcing the laying of sidewalks where the property owners had refused to lay them. The passing of the ordinance did not prevent the allowing of the customary rebate as had been the practice. With the passage of the ordinance the matter of laying sidewalks can be enforced, while under our present sidewalk ordinance the laying of sidewalks cannot be enforced. The mayor favored the allowing of the rebate as did the council.

Ald. Vaught said the passage of the ordinance meant the annulling of one of its most important sections when a specific ordinance was up for the laying of any particular sidewalk. He wanted a general ordinance for sidewalks and was against passing a separate ordinance for each sidewalk.

City Engineer Brown was asked to explain the ordinance under consideration as he understood it. He stated the passage of this ordinance would not prevent the property owner from securing the customary rebate, but enables the city to enforce the laying of sidewalks where necessary. There is no conflict between the ordinance now on the books and the one proposed to night.

Ald. Kennedy suggested an amendment that where sidewalks had to be relaid the city pay the property owner half the cost.

The mayor stated that an ordinance had been passed a year ago that city could not enforce; now one was before the council that had been prepared by a well known law firm of Chicago (Wood & Oakley), and that it was drawn so that the city could compel property owners to lay sidewalks where now the city was powerless to enforce the laying of sidewalks.

Ald. Vaught cared not for the ordinance as drawn by Wood & Oakley when it did not make provisions that the members of the council wanted. He wanted a general ordinance that was specific in character and not one that required a special ordinance to be passed every time you wanted to lay a sidewalk.

Ald. Goveia was not for the ordinance as it read, and never would be.

Ald. Kennedy and Vaught thought that under the ordinance as proposed partiality could be practiced by the council.

Ald. Moore, seconded by Ald. McGinnis, moved the ordinance be referred to the ordinance committee. Motion carried.

The sewer ordinance for North Fayette street, laid over at the last meeting and referred to the board of local improvements, came up for hearing and Ald. Vaught moved that the report of the board as first reported laying a sewer from Lafayette avenue to West State street be adopted.

Mr. Hatfield, one of the property owners on North Fayette, between North street and West State street, believed that the laying of the sewer past North street would be an unnecessary expense on the property owners without any benefit.

Mr. Henry McDonald, also a property owner, withdrew his objections offered at the last meeting and felt that the sewer for the benefit of the other property overbalanced his inconvenience and extra expense. He did not want to stand in the way of any benefit accruing to his neighbors. Mr. Haackman favored the sewer the entire distance, as originally proposed.

Ald. Babb objected to laying the sewer the entire distance.

The clerk read the ordinance. Ald. Cobb, seconded by Ald. Hatfield, moved the adoption of the ordinance, which passed; Ald. Babb and Kennedy voting no.

Ald. Vaught raised the question of the Wabash subway and asked how the matter stood. The clerk said an ordinance had been passed providing that the subway be built by July 1, with a penalty attaching for every day thereafter extending over that time. The various superintendents of the Wabash had been informed of the passage of the ordinance and mailed a copy of the same, but the present superintendent Mr. Carter, had not been heard from.

Ald. Vaught wanted to bring Mr. Carter here and entertain him and show him the necessity of the subway, and in this way the matter would probably have the needed attention.

Ald. Vaught, seconded by Ald. Tieknor, moved that the mayor and city clerk extend an invitation to the Wabash officials to come here and that a committee from the city council be appointed to act in conjunction with a committee from the Business Men's association and meet the Wabash officials when here and show them the urgent need of the subway. The motion prevailed unanimously.

Ald. Johnson raised the question of shutting off the water on Contractor Frank, on the Prospect and Grove street paving job.

Mr. Frank stated that he had made the necessary application to the mayor and water superintendent regarding water for use on this job and had been told he would be treated right, and yesterday he found that the water had been shut off.

The mayor stated that he had told Mr. Frank that he would be given water according to specifications of the contract. The contractors on this job have tapped water plugs indiscriminately and the cost has been excessive to the city. Mr. Frank can get the water if he will provide for a meter and pay the rates as provided.

Ald. Kennedy said he had seen Mr. Cherry tap a city water plug when building a house to get water to mix mortar.

Mr. Frank stated he was ordered Thursday not to tap a water plug. Mr. Frank asked the council to make him a flat rate. He was not objecting to paying for the water, but to the inconvenience of getting the water by tapping private hydrants.

Ald. McGinnis, seconded by Ald. Doolin, moved the city give the water to paving contractors free.

Ald. Johnson thought that the water should be paid for.

The matter was referred to the water committee.

The matter of the election of a member of the board of education from the Third and Fourth wards was brought up under new business by the clerk, and on motion of Ald. Vaught the canvassing of the returns was referred to the aldermen of these wards to report back to the council.

By resolution the returns of said election were declared correct, showing the election of J. W. Walton in the Fourth ward and J. A. Obermeyer in the Third ward.

Ald. Moore, under the head of new business, called attention to the fact that the electric cars in this city were unprovided with proper safety guards. It was a dangerous thing to allow the matter to pass unnoticed and he thought that action should be taken immediately.

Ald. Cobb agreed with Ald. Moore. Ald. Moore moved that the city attorney be instructed to prepare an ordinance providing for fenders on the street cars. Carried unanimously.

The mayor appointed as the Wabash entertainment committee Ald. Vaught, Johnson and Cobb.

On motion of Ald. Tieknor, the council adjourned.

The Annual Glee Club concert at the Woman's College. Saturday night. Do not fail to attend.

GRAND TO NIGHT.

"The Old Plantation," a southern comedy, staged with much elaboration and running through it a heart story of intense interest, will be seen at the Grand to night. The scenic effects are in keeping with the high class comedy and many attractive specialties will be offered. The old southern quartet will be heard with this company. A high grade show guaranteed.

W. R. C.

Matt Starr Relief Corps will meet in regular session this afternoon at 2:30 in their new quarters in Odeon hall.

GUY STOCK COMPANY.

The Guy Stock company, one of the best repertoire companies on the road, will be at the Grand Monday night for a three nights' engagement.

WOMAN'S CLUB.

The Woman's club will meet Saturday afternoon at 3 o'clock at the Woman's college. Subject: "Russia"; lecture by Dr. H. H. O'Neal.

CLOTHIERS

Motherly Advice

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When a young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time aid nature a little and prepare the young system for the coming change by using

Lydia E. Pinkham's Vegetable Compound.

Case of a Young Girl, of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I feel it my duty to write you these few lines thanking you for what you have done for me. I was in a terrible condition, could not eat or sleep, had no strength, felt tired all the time. I had such a bad color that my mother was very much worried about me. Also suffered with headache, backache, pains all over. Menstruation was very irregular and scanty, and had such bearing-down pains. I have taken both the Vegetable Compound and Blood Purifier, and now I am a well girl. I cannot be grateful enough for what Lydia E. Pinkham's remedies have done for me. I would advise all who suffer as I did to write to you for advice.—Miss KATIE C. CONNOR, 102 S. Franklin St., Wilmington, Del."

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist asks you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vegetable Compound; so do not experiment with untried medicines, but insist upon the one you know is best.

SPECIAL ADVICE TO YOUNG WOMEN FREE.

From a vast experience in treating female ills, extending over 20 years, Mrs. Pinkham has gained a knowledge which is of untold value to every ailing young woman. Her advice never fails to help. If you need such help write her. Address, Lynn, Mass.

\$5000 FORFEIT If we cannot forthwith produce the original letter and signature of above testimonial, which will prove the absolute genuineness, Lydia E. Pinkham Medicine Co., Lynn, Mass.

A FEAT OF STRENGTH.

After Hearing Explanation Insurance Companies Settle Claim.

It was a most peculiar case, so the insurance men said, with wags of the head that meant much more than they might easily be induced to say with a little more provocation.

The building had been destroyed by fire, and its occupant, one Theodore Titewad, testified that he had held the office safe suspended from a window until the firemen had come to his relief.

The attorney for the insurance companies who were contesting the claim on the building looked scornfully at Theodore, and the following cross examination took place:

"Mr. Titewad, will you kindly tell the jury what your approximate weight is?"

"About 110 pounds."

"Have you ever been known as an athlete?"

"No, sir."

"Have you ever before performed any noteworthy feats of strength?"

"No, sir."

"Very well, sir. Now, what is the weight of the safe you claim to have held suspended from the second story window for five minutes with one hand and unassisted?"

"One ton."

"That will do. The witness may step aside, and Fireman O'Rourke will take the stand. Ah, Mr. O'Rourke, will you tell the jury whether Mr. Titewad performed this feat of strength he has just sworn to?"

"Sure, sir, it wasn't in his fate, but in his hands that th' shringth were, sir."

"I mean did he hold this safe as he says he did?"

"Yis, sir."

"What?"

"Yis, sir. Yez see, sir, yez don't know Mither Titewad loike th' rist av us does or yez wudden be surprised. Yez see, th' sa-af had money in it, an' Mither Titewad was niver knowed 't he go av annything thot had money in it, sir."

Realizing that they were defeated by overwhelming evidence, the insurance company at once arranged for the payment of the claim in full.—Baltimore American.

Proof Positive.

His mother was giving an afternoon tea, and for the occasion David was dressed in his brand new sailor suit. During the afternoon one of the guests asked of David:

"How old are you?"

"Five years old," he said proudly.

"Oh, dear! I should hardly think you were that old," she exclaimed in mock surprise.

"Really I am," protested David. And he took out of his pocket a paper tag and handed it to the guest. "What does that say?" he asked confidently.

She glanced at the bit of paper. It was one of those tickets that come on ready made clothing, and it read:

"Blank Bros., Clothiers, Age 5."—New York Press.

A Bad Break.

"Is de boss in?" asked the tramp at the front door.

"I am de boss," replied the man who answered the bell.

"Stop your kiddin'," came from the caller. "Where's de madam?"

"There is no madam here. I am a bachelor."

"Oh, gee!"

muttered Weary, backing away, with his hat in his hand. "I begs your parding."—Youkers Statesman.

The Metal Nodum.

A new metal similar to aluminum, but of still lesser weight, has been discovered by the French engineer, Albert Nodon, and called "nodum" after him. It is manufactured by an electric process. In color, luster and structure it is almost exactly like steel. Its specific weight when molten is only 2.4. Its resistance against breaking is given as about twenty pounds a square of 0.4 inch. Its constancy in the air is higher than that of aluminum. Its ductility is between six and eight inches. The malleability can be compared to that of bronze. It melts at about 600 degrees.

Profits of Literary Piracy.

The octogenarian Mr. Charles Henry Clarke, just dead, netted a clear £18,000 out of "Uncle Tom's Cabin." That was in the old old days when literary piracy was rampant on both sides of the Atlantic and "moral rights" were of less value than waste paper. But Mr. Clarke, having ideas of his own, took the liberty of anticipating copyright conventions by sending Mrs. Beecher Stowe a thousand guineas. Had he acted within the four corners of the law the author's check would have been drawn for precisely £0 0s. 0d.—London Outlook.

"I have used Chamberlain's Stomach and Liver Tablets with most satisfactory results," says Mrs. F. L. Phelps, Houston, Texas. For indigestion, biliousness and constipation these tablets are most excellent. For sale by all leading druggists.

Nervous Author.

Burns—So your new play was performed last night? Was there a call for the author?

Plotter—There was no general demand for his appearance, but I heard one or two men say they'd like to see the man who wrote it. I didn't like the way they said it and got out of the house as soon as I could.—Boston Transcript.

Men's Fashions.

Heads are worn large in the early morning.

South Dakota ties are popular at Newport.

Spats are general in married circles.

Collar buttons are scarce, as usual.

Cutaway coats are worn by bank cashiers.—Smart Set.

His Plan.

Harold—Please, mister, won't you play something classical? My little sister over there is a musical prodigy, and those ragtime melodies grates harshly on her refined ear.—New York Evening Journal.

A Chance to Display Them.

Tess—Miss Schup tells me she is going to learn to play the harp.

Jess—What nonsense! She hasn't any talent for music.

Tess—Oh, she knows that, but she has lovely arms!—Philadelphia Press.

The surest and safest remedy for kidney and bladder disease is Foley's Kidney Cure. J. A. Obermeyer, City Drug Store.

The Simple Tunnel.

The Simple Tunnel, one of the greatest engineering works in the world, is rapidly approaching completion. Its total length will be a little over twelve miles, of which distance six and upward have been penetrated on the north, or Brigue, side and four and upward on the south, or Italian, side, leaving only a fraction over one mile yet to be completed. It is expected that the two sections will be joined together in the coming May or June, and it will not be long thereafter when trains will regularly be running through. The organization of the work is of high efficiency. No sickness exists among the men. The use of the Brandt drill immediately suppresses all dust, and there has not been a single case of miner's phthisis, although some 3,000 men have been at work for five years.

SCIATIC RHEUMATISM CURED.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. I have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment," for sale by all leading druggists.

A Love Letter Writer.

Pere Jean, who has just died, was the last of the public writers of Paris. Servant girls, market porters and others who found a difficulty in writing could write, but lacked imagination and style, had often recourse to him.

An ordinary love letter cost 10 cents, the same with well turned sentences 15 cents and a powerfully persuasive letter 30 cents. Pere Jean would, however, contract to complete a love correspondence for a lump sum.

A Mighty Induction Coil.

The largest induction coil, which produces the longest spark for service in wireless telegraphy, is said to be the one which is used for flashing messages between the coast of Japan and Korea. It can produce, in fact, a miniature streak of lightning forty-five inches in length, capable of killing any number of persons who might get in its way and when in operation sends out something like thunder rolls. The entire apparatus weighs about 2,000 pounds.

A Wealth of Postoffices.

The town of Ossipee, in Carroll county, N. H., has nine postoffices—viz. West Ossipee, Ossipee Valley, Mountville, Centerville, Center Ossipee, Water Village, Ossipee, Granite and Leighton's Corners. The town of Wakefield, in the same county, also has nine postoffices—viz. Province Lake, North Wakefield, Woodman, East Wakefield, Wakefield, Sunbornville, Horns Mills, South Wakefield and Union.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by all leading druggists.

ANCHORING SAND DUNES.

Covered Them With Vegetation to Preserve Arable Land.

So much attention has been directed to the work that is being done in reclaiming the arid and semiarid lands of the west that the reclamation work along the Atlantic coast is almost entirely overlooked. The familiar sand dunes, characteristic of the coast from Cape Cod to Cape Fear, while perhaps artistic, constitute a menace to adjacent cultivated lands and are useless in themselves. Massachusetts, at considerable expense, has been endeavoring to reclaim the sand dunes that form so large a part of the "Province lands" on Cape Cod.

It has been found that sand is readily bound together by grass roots, and that if sturdy varieties of grass, suitable for sandy soils, are planted and cared for while obtaining a foothold and maturing they will gradually cover large areas, transforming them from shifting, worthless lands into veritable fertile cultivable fields. Many years of forestry work in Europe have shown that after the grasses have made a start trees can be successfully raised on these erstwhile sand piles, which may thus be made to yield a revenue. Some of the most extensive and mobile sand dunes in the United States, however, are found in the west, and it is the ambition of the bureau of forestry to cover these with permanent forest growths. Along the Columbia river in Washington the sand is very light, owing to the large proportion of mica it contains, and consequently is easily blown about by the winds.

In a part of the lower Columbia river valley great orchards have been actually engulfed with the shifting sands, and the railroads have experienced great difficulty in maintaining their tracks in this district in passable condition. In order to make a practical test as to the best method of treating these dunes, a strip of land on the Columbia river between Willow creek and the John Day river has been set aside by the government for extensive experiments, based on the work done in Massachusetts, referred to above.

In the east two planting plans for owners of sandy tracts are being prepared, thus extending the scope of the practical co-operation begun by the bureau of forestry.—Philadelphia Record.

A Future Mikado.

Perhaps the most interesting small boy in the world is little Prince Micchi, grandson of the Japanese mikado and destined himself to be a mikado some day. He will be four years old in April.

The heir presumptive to the great eastern throne has the distinction of being the first baby of the royal house of Jimmu Tenu who has been allowed to grow his hair like an English baby.

Both his father and the mikado when babies had their heads shaved daily by their nurses.

Soon after the prince's birth measures were taken to eliminate the "almighty eye" of his race. A painless little surgical operation was performed. An incision was made on the outer point of the baby's eyelids in a straight line for the barest part of an inch. The lashes were then drawn into shape and held firmly by a piece of chemically prepared sticking plaster.

The wound healed in less than a week, and the effect now is that Prince Micchi does not look his oriental birth.

THE PROPERTY CALLED HEALTH runs down or improves, just depends on how it is cared for. It is the most valuable property we have and should receive the most consideration. It helps you in business, helps good looks, helps make friends, helps get situations and helps you hold them, and always makes happiness. Property like this, at the first indication of being out of repair, should be looked after and a remedy applied at once. There are any number of signs that show repairs are needed. Bilious spells, indigestion, dyspepsia, belching, dizziness, sick headache, salivary complexion, pimples and liver spots on the face, a drowsy feeling after meals, sour stomach, etc. These symptoms all show loss of health. Druggists will sell you for 25c a box of Dr. Gunn's Improved Liver Pills, a sure cure for all of these diseases. Lee P. Alcott, Druggist.

Passenger and Ticket Agt.

SERIOUS STOMACH TROUBLE CURED.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—Mrs. T. V. Williams, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by all leading drug gists.

When Danger Signals

your liver out of order, constipation, or your stomach not working right, it's a sign of distress which, unheeded, will lead to trouble—it is time to take

Beecham's Pills

Sold Everywhere. In boxes 10c. and 25c.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hair makes excellent breeding places for the parasitic germ which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbrow's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MATHENY & LLOYD.

(By Associated Press.)

Chicago, April 21.—Wheat.—The market opened firm under the influence of the new crop reports from the northwest, July being a shade to 1/4¢ higher at 56¢ 3/4. The leading factor in early morning trading was strength of northwestern markets. A steady advance in the price of wheat in the corn market became a powerful influence. There also was enough crop news of conflicting kinds to keep traders guessing. In consequence wheat became nervous. Houses with northwestern connections were persistent buyers on crop damage reports from the southwest. Minneapolis reported prospects for large flour sales. Weather conditions showed improvement and reports from the northwest told of fair progress in sowing. Trading was more active than for some time past. Late the decline in corn caused realizing in wheat, July selling down to 54 1/2¢, but covering the short worked the price up to 55¢. The close was firm, July 56¢ higher, May 5¢ better. On the coast twenty-eight boat loads were taken for export. Liverpool was 5/8¢ lower.

Corn.—In the absence of selling pressure from any quarter the market ruled firm early. Later there was fair demand for May from the big holder, which sent the price of that delivery up to 54¢. On the advance the market was flooded with long corn and before the flurry ceased May had lost nearly all the earlier gain. Within the last few minutes of trading partial recovery was effected, due to strength in wheat, and the close was about steady, May 5¢ higher, other months unchanged to 1/4¢ lower.

Oats.—Oats were unsettled with an advance of 1/4¢ early, followed by a break of 1/4¢, and a time close at a net loss of 1/4¢ on nearby deliveries and 1¢ on export. Weakness in the latter was due to heavy selling by bear interests, reports of improved seedling and predictions of warmer weather. Strength was in sympathy with other grains. Trading was liberal.

Receipts, Shipments.
Flour, this week 17,000 36,000
Wheat, this week 40,000 25,000
Corn, this week 129,000 23,000
Oats, this week 123,000 17,000

LIVESTOCK.
Cattle.—Receipts, 7,000. Supplies are on a largely increased scale this week, 61,000 being marketed so far against 52,200 the same time a week ago. To day there was fair demand from all classes of buyers and prices were steady to firm, beef steers selling largely at \$1.25 to \$1.35. Good to prime, \$5.60 to \$5.75; poor to medium, \$5.30 to \$5.50; stockers, \$3.00 to \$3.25; cows, \$1.75 to \$1.85; Texans, \$1.25 to \$1.40.

Hogs.—With about 31,000 on sale to day there was poor demand, the market being dull and weak and about 1¢ lower. Mixed and butchers, \$5.00 to \$5.15; good to choice heavy, \$5.10 to \$5.20; rough heavy, \$4.90 to \$5.00; light, \$4.80 to \$4.90. Prices were firm, with good demand from all classes of buyers. Sheep.—Receipts, 12,000. Market was firm, with good demand from all classes of buyers. Sheep, \$3.75 to \$3.85; lambs, \$4.50 to \$4.60.

ST. LOUIS MARKET.
St. Louis, April 21.—Wheat—Cash, 95¢; July, 92¢.
Corn—Cash, 47¢; July, 47¢.
Oats—Cash, 41¢; July, 38¢.

LIVESTOCK.
Cattle.—Receipts, 2,500. Market steady. Beef steers, \$1.25 to \$1.35; stockers and feeders, \$3.50 to \$3.75; cows and heifers, \$2.20 to \$2.40; Texas steers, \$3.80 to \$4.00.
Hogs.—Receipts, 8,000. Market 5¢ lower. Range, \$4.25 to \$4.50.

LIVERPOOL MARKET.
Liverpool, April 21.—Wheat—Spot dull. Corn—Spot firm; American mixed new at 4 3/4¢; old at 4 1/2¢.

NEW YORK MARKET.
New York, April 21.—Wheat—Receipts, 30,000 bu. Spot steady; No. 2 red, \$1.01 elevator and \$1.00 1/2 f. o. b. at export. Options closed 1/4¢ net higher; May, 91¢; Corn—Receipts, 5,000 bu. Spot irregular; No. 2, nominal elevator and 5 1/2¢ f. o. b. at export; No. 2 yellow, 56¢; No. 2 white, 55¢. Options closed 3/4¢ net higher; May, 54¢.

Oats.—Receipts, 53,000 bu. Spot steady; No. 2, 44¢; standard white, 45¢; No. 2 white, 45¢.

FINANCIAL MARKET.
New York, April 21.—The stock market to day was almost entirely one of specialties and the peculiar grounds on which the class of securities usually moved were not always manifest. The market started upward, led by Union Pacific, which seemed to be helped by granting of a temporary injunction by the New York court against carrying into effect the plan of distribution of Northern Securities assets. The majority vote by the Northern Securities stockholders in favor of the plan seemed to check the advance in Union Pacific, but it held its firm tone on the ground that delay in execution of the plan of distribution will be a time available for negotiation and for arriving at possible settlement, which would definitely remove this vexed problem from its disturbing position in the market. Owing to the firmness of Union Pacific and recovery of United States Steel preferred, sympathetic influences were in favor of higher prices in other wise semi-stagnant market. Call money was loaned here as low as 1 per cent and time loans for all periods showed continued softness of tone. The stock market closed irregular and below the best as follows:

Money on call very easy at 1 1/4% per cent; closing bid was 1; offered at 1 1/4%. Time loans easy and dull; sixty and ninety days at 2 1/4%; six months at 3 1/4% per cent.

Prime paper at 4 1/4%.

Exchange easier. Demand at 487.50 to 487.50; sixty days at 485.25 to 485.30.

Bar silver at 55 1/2.

REINDEER WOOL CLOTHES.

Their Buoyancy Makes Them an Aid to Persons Learning to Swim.

From their herds of reindeer the Laplanders in northern Europe take the woolly hair and make from it blankets which are remarkable for their excellent qualities of resisting moisture and cold. Of these blankets the United States consul at Frankfurt, Germany, has this to say:

"A close examination of the hair of the reindeer furnishes an explanation of its peculiar value. The hair does not have a hollow space inside for its whole length, but is divided or partitioned off into exceedingly numerous cells, like water tight compartments. These are filled with condensed air, and their walls are so elastic and at the same time of such strong resistance that they are not broken up either during the process of manufacture or by swelling when wet. The cells expand in water, and thus it happens that a man clad completely in garments made of reindeer wool does not sink when in water because he is buoyed up by means of the air contained in the hundreds of thousands of hair cells. In the markets and stores of Norway, Sweden and Russia garments and blankets of reindeer wool are to be had at lower prices than other fabrics. In Vienna there is a factory which manufactures garments of reindeer wool, especially bathing costumes. For persons unable to swim the possession of such garments is of great value. It is possible that they may be utilized in learning how to swim. Recently successful trials have been made in Paris in this line. In England attention has been directed to this peculiar property of reindeer wool, and it is proposed to take up its manufacture and possibly to improve it."—Fiber and Fabric.

The Safety of London Theaters.
There is no gangway through the stalls in an English theater and only two exits, so that in the event of a fire, or what is worse, of a panic, the rush to these exits and up the steps in the passages that skirt the back of the pit and lead finally to the central lobby would be terrible. One always feels entombed in the stalls of an English theater.

However, feelings are one thing, facts another. And there is no getting away from the fact that London theaters are the safest in the world. Year after year over 300 places of public entertainment are licensed by the London county council, twenty-three of them being theaters and the rest music halls, concert halls, assembly rooms, dancing saloons, and so on, and in not a single one of them has a death been caused by fire for nearly fifty years.—Sydney Brooks in Harper's Weekly.

A New French Rifle.
A new French military invention is on record. This time it is not the machine gun, but the army rifle, and again the inventor steps out from the ranks. Corporal Grissolange of the First colonial infantry has devised a method of greatly increasing the capacity of small arms for rapid firing. Instead of one magazine, holding eight cartridges, as at present, Grissolange provides three magazines, holding altogether eighteen cartridges, which by an easy mechanism worked with great rapidity are brought up in succession to the feeding tube. The army commission on military inventions has just notified Grissolange that the minister of war has placed his invention before the commission, with instructions to examine and report upon it.

A Remarkable Memory.
A remarkable memory for faces is one of the attributes of George Denny, head watchman at the state war and navy building. It is as head keeper after office hours that Denny's peculiar gift stands him in good stead. Like the other government buildings, no visitors are allowed at the state war and navy after 2 o'clock. Many of the offices remain open until 5 o'clock, however, and there is a constant stream of officials, messengers and newspaper men pouring in and out beyond the time that the doors are closed. Denny never makes the mistake of holding up the wrong man.—Kansas City Journal.

PERSONALLY CONDUCTED
EXCURSIONS TO CALIFORNIA
AND OREGON.
Daily and personally conducted excursions via the Chicago-Union Pacific & Northwestern line, in Pullman tourist sleeping cars in charge of experienced conductors from Chicago to Los Angeles, San Francisco and Portland. Choice of routes. Only \$7.00 for double berth. For particulars apply to your nearest ticket agent or write S. A. Hutchinson,

THE HALL OF FAME.

Among the presents given by the Duke of Norfolk to his bride, Miss Maxwell, was a sable wrap costing \$6,000.

Dr. Karl Burkhard, formerly geologist in the Museum of La Plata, has been appointed chief geologist of the geological survey of Mexico.

Habits of youth often cling fast and long. A. L. De Ribbas of Roxbury, Mass., learned to play the oboe when very young and still practices at ninety years.

Edward Porter Cheney of Red Bank, N. J., a brother-in-law of Horace Greeley, has just died at Litchfield, Conn. He secured for the Tribune his first subscriber.

C. B. Orent, president of the New port News Shipbuilding company, has invited the president to be present at the launching of the battleship Virginia on April 5.

Captain Howard Blackburn of Gloucester, Mass., is having another small boat built, in which he intends to make his third trip across the Atlantic. The boat will be eighteen feet long, with a seven foot beam.

James Warden, supposed to be the oldest expounder of Methodism in the world, has just died in the Baltimore county almshouse at the age of 102 years. He had spread the Methodist faith for over fifty years.

Prince and Princess Henry of Prussia dined with United States Ambassador Charlemaigne Tower and Mrs. Tower recently in Berlin. The guests, besides the personal suits of Prince and Princess Henry, were Americans and Germans married to Americans.

H. C. Henley, chief of the St. Louis fire prevention bureau, has been appointed a lecturer on insurance at Yale. The position is an honorary one, carrying no salary, and the incumbent is not expected to deliver more than one lecture a year before the insurance classes.

MODES OF THE MOMENT.

Lots of narrow Valenciennes is used on the fashionable tulle.

There is little difference in the general outline of the late winter and early spring gowns.

Flounces of lace are worn on lace gowns, and some net toilets have three or five narrow lace flounces for foot trimming.

On imported velvet and satin gowns a new lace, combining crochet and netting, has appeared. It gives the impression of fringe.

Buttons are one of the most striking features of this year's fashions, and imitations of precious stones are used. They make a display that is often dazzling.

Chemisettes and vests of chiffon and lace will abound this season, it is said, and dead white will be combined with black, with a narrow fold of colored velvet at the throat.

SHIPPING NOTES.

The local vessels plying to Seattle during the year 1903 carried in the aggregate nearly 1,000,000 passengers in and out of that port.

The United Kingdom continues to lead the world in shipbuilding, more than half of all the tonnage put afloat being constructed at the yards of England, Scotland or Ireland.

There are twenty American steamships of four lines sailing to the Pacific from Atlantic seaports, and in addition there are American sailing ships of a gross tonnage of 122,000 capable of making the voyage to the far east.

In view of the fact that the year 1903 was one of the most disastrous that shipowners have ever experienced it is somewhat surprising to learn by the official returns that the amount of tonnage put afloat last year was practically the same as in 1902.

GERMAN GLEANINGS.

Germany buys abroad annually over \$12,000,000 worth of green fruit.

In all the crematories of Germany there was increased activity last year. Gotha led, with 274 cases.

In some of the theaters of Germany it is customary to turn on green lights to indicate a long intermission.

During the German army maneuvers there were moved over one railroad in two days, without suspending its regular traffic, 50,000 men, 5,200 horses, 228 wagons and 590 tons of baggage.

A laundry company in Berlin proposes to furnish linen free to all customers who will give them the washing of it. They estimate that in this way they can get back twice the original investment.

SOUTH AFRICA.

A Canadian trade commissioner in South Africa recently booked there in ten weeks for between 48,000 and 49,000 pounds.

South Africa is at present importing immense quantities of cement. It comes chiefly from England, Germany and Belgium.

Only half the razors imported into South Africa are of British make. The rest are chiefly of German origin. Even the "educated Hottentot" shaves himself now occasionally.

British Somaliland is making steady progress. The value of the imports last year was over \$2,000,000. The imports consist chiefly of cotton goods, largely from the United States; rice, sugar and liquors.

A RELIEF.

You prize the friend that prides himself on being frank and true. Who talks about your faults, however it may hurt him and you. You know that it's his sort on whom you're likeliest to depend. When trouble overcast the sky and bit-toe feet descend.

But, just the same, you sometimes wish that he could comprehend That no one finds perfection—no, not even in a friend.

And though you vow you want the truth, And want it good and strong, You kind of like the fellow who will jolly you along.

You kind of like the bird that sings a song of careless cheer; You kind of like the flowers that blossom idly, far and near.

You kind of like the merry rhyme whose strains so idly fall; You kind of like a lot of things that are no good at all.

But there is just one fact that stands out unalike and clear— The thoughtless smile is always better than the thoughtful sneer.

And so many folks are ready to remind you when you're wrong That you kind of like the fellow who will jolly you along.

—Washington Star.

INDICATIONS.

Washington, April 22.—For Illinois: Fair Friday, followed by showers in afternoon or night. Saturday showers; fresh east winds.

City and County

Henry Rustemeyer is seriously ill and is kept from his work.

Ice cream; Ehnie.

William Batz was a business visitor in Virginia yesterday.

Ice cream; s-da; Bonausinga's.

Mrs. H. L. Griswold has returned from Quincy, after a brief visit.

Try Ehnie's ice cream.

Mr. and Mrs. James Ranson have returned from a visit in Franklin.

John Redmond has returned to St. Louis, after visiting old friends here.

Ehnie's for five candies.

Miss Minnie Cadin has returned from a visit of several days in Lewiston.

Misses Anna and Josie Scott, of Chapin, were visitors in the city yesterday.

Ice cream delivered to any part of the city; Ehnie.

Mrs. Dr. Herring, of Greenville, was in the city yesterday enroute to her home from Iowa.

Ehnie's confectionery.

Mrs. Carl Sommer has returned to Peoria, after a several days' visit here with her mother, Mrs. Benson.

Misses Lucile Barton and Ethel Blue have gone to Peoria for a few days' visit with their aunt, Mrs. Kate Rhodes.

Ehnie's soda water.

Rev. A. L. T. Ewert has returned from Colorado much improved in health. He will take charge of the regular services at Centenary Sunday.

Alderman W. J. Moore returned Thursday from the annual meeting of past grand regents of the Royal Arcanum, held in Rock Island. He reports a very successful meeting.

HIGH SCHOOL DEBATE

Will Take Place This Evening Between Springfield and Jacksonville Teams

To night at the Jacksonville high school will occur the annual joint debate between three members of the Springfield high school and three members of the Jacksonville high school. Both schools have made good records in joint debates during the past two years and this contest will not doubt be most spirited. Considerable rivalry has also existed between the two schools in athletic events.

The question for discussion will be, "Resolved, That large corporations, commonly known as trusts, are more beneficial than injurious to the people of the United States." Jacksonville will uphold the affirmative and Springfield the negative.

Springfield will send the following debaters: Vallie Apple, Berry Ulrich and Miss Lela Summers, and about fifty high school students will accompany them.

Jacksonville high school will be represented by Charles Spruit, Paul Whitney and Harold Graves.

The judges who will hear the arguments are men of high standing in educational work and the two schools are particularly fortunate in securing such able men to render a decision. They are: Prof. O. L. Manchester, of Normal University; Prof. H. L. Schoolcraft, of the state university at Champaign; and Prof. J. C. Burns, of the Macomb state normal.

Mayor John R. Davis will be the presiding officer and during the evening music will be furnished by the high school orchestra and the Treble Clef club. At the close of the debate a reception and banquet will be tendered the debaters and pupils of the visiting school.

The Musical Event of the season in the college calendar is the annual Glee Club concert which will be held on Saturday night at the Woman's College.

FUNERALS.

DANSKIN.

Services over the remains of Irland Danskinn were held Thursday afternoon at 2 o'clock at the residence of his parents, Mr. and Mrs. James H. Danskinn, in Woodland Place, in the presence of a large company of sympathizing friends of the family. The impressive services were in charge of Rev. A. B. Morey, who spoke words of comfort and consolation to the bereaved family and friends. His remarks touched the hearts of his hearers deeply and the sadness of the occasion was felt by all. The sorrow of death, lessened by the ultimate triumph in the life above, was emphasized by Dr. Morey and the assured reward that awaits those whose faith is fixed in the comforting thought that abides.

A quartet, consisting of Miss Mary Tanner, Miss Edna Hatch, Mollie Kennedy and Marcus Robinson, sang beautifully the sacred songs, "Saved by Grace," and "Nearer My God to Thee." The many floral tributes sent by kind friends symbolized the sweet character of the one who had gone before. They were in charge of Mrs. John R. Davis, Mrs. Lang, Miss Elson Barnes and Miss Mary Wadsworth.

At the close of the services at the home the remains were conveyed to Diamond Grove cemetery, where brief services were held. Miss Mary Tanner sang most tenderly, "Safe in the Arms of Jesus," a hymn the peculiar appropriateness of which appealed strongly to those who stood by while the casket was lowered to its last resting place.

The bearers were Charles Spruit, Harold Graves, Walter Ogle, Barclay Wyckoff, Ralph Bowen and George Massey, all from the Forum Literary society of the high school, of which Irland was a member.

W. E. Crane was here from Chicago Thursday. He has already entered upon his duties as coal traffic manager for the Burlington and returned to Chicago via Peoria Thursday afternoon.

PARENTS' DAY

At the Franklin School Attracts a Large Number of Visitors.

The invitation to visit Franklin school Thursday attracted a good number of patrons and friends of the pupils and all were pleased with the exercises. Arranged around the walls of the various rooms were excellent examples of drawing and coloring done by the little ones, while there were other visible evidences of a superior quality of work on the part of both teachers and learners. In addition to special programs, the visitors had an opportunity to see something of the regular every day work, and while in the lower rooms it did seem as if the examples given the children were too far advanced for their years, still all acquitted themselves with credit and showed that they had been hard at work. The visitors were made welcome and the refreshments prepared by the young ladies of the seventh and eighth grades were especially acceptable.

The following list of programs supplied the Journal by the worthy principal, Mr. Withee, will give an idea of what the callers enjoyed.

Primary—Mrs. Tabjohns, teacher. Regular work in spelling, writing, reading and music, after which the following Arbor and Bird day program was carried out:

Wind song. Recitation, The Wind—Mildred Wolfe. Recitation, Beauty Everywhere—Newton Graham.

Recitation, Hwaatha's Childhood—Andrew Cobb. Recitation, They'll Come Again—Verans Gower.

Song, Dandelion. Recitation, The Maple—Walter Paul. Recitation, Pussy Willow—Helen Overmeyer.

Song, Pussy Willow—School. Recitation, The Oak—Lola McKean. Recitation, Blue Bird—Frank Briggs.

Third grade—Miss Rayhill, teacher. Opening exercises. Spelling.

Reading. Music. Arithmetic. Arbor day song.

The Children's Hour—Faye Mitchell. Song, Sweet Arbor Day. Recitation, Seven Times One—Hazel Coverly.

Concert recitation, We Are Seven. Song, Now the Day is Over. Fourth grade—Miss Phillips, teacher. Drill in phonics.

Spelling. Lesson in language. Lesson in arithmetic. Lesson in geography.

Concert singing. Fifth grade—Miss Anderson, teacher. Song, Arbor Day.

Spelling. Geography. Review of poems learned during school year.

Music. Sunbonnet Babies—Primary pupils. Sixth grade—Miss Hargrove, teacher. The regular work in arithmetic, history, geography and grammar.

Sixth grade—Miss Higler, teacher. Song by school, Arbor Day. Arbor day question by the school.

Origin of Arbor Day—Tillie Snegar. Recitation, Flowers—Elizabeth Bell. Song, Reconciliation—By the school.

Recitation, The Study of Trees—Idabel Biggs. Recitation, Voices of Trees—Lillie Pockloeff.

Recitation, The Washington Elm—Chas. Home. Recitation, The Tree Party—Edna Sheppard.

Song of Spring—School. Recitation, Out of Doors Arithmetic—Verna Smith.

Seventh and eighth grades—Miss Finley, teacher. Eighth B—Lesson in arithmetic. Seventh A—Lesson in history.

Song, Illinois—By the school. Recitation, Graduation—Luelle Pervis. Composition, Epitome of the Great Stone Face—Pearl Jaeger.

Song, Spring Madrigal—School. Recitation, The Governor's Proclamation—Carl Heaton.

Song, The Woodland Rose—School. Composition, Trees—Anna Grantham. Birds—Golden Pheasant.

Song, Home Greeting—School. The Domestic Science class, seventh grade, served light refreshments to the visitors of this room.

One hundred and eighty-eight visitors were present in the different grades. The teachers hope the patrons of the school will embrace every opportunity to visit the school and learn more of the actual work done by the pupils of the several grades. Every teacher's heart was gladdened by the presence of the visitors.

ALTON OFFICIALS

Visited City Thursday on Tour of Inspection—Changes to Be Made in Property Here.

A special train bearing C. A. Goodnow, general manager of the C. & A., and Mr. Causey, engineer of maintenance of way, on a tour of inspection of the Alton system, stopped here Thursday morning for a short time while the officials inspected the yards. The train consisted of an engine and two cars and came here from Roadhouse. It left over the Wabash for Springfield at 8:42.

While no special significance is attached to the visit of the officials here, it is reported that they visited the properties on East College avenue and East College street that the company has recently acquired and spent considerable time in inspecting the surroundings. The company has already purchased the local property next to the track, and, it is understood, has also acquired the lot in the rear of this place, facing College street, and also the Boston property on College avenue. No intimation has as yet been given out as to whether a new freight depot or a passenger station or either will be constructed or the new purchases, but it is expected that some change will be made in the near future.

Arrangements are being made in other directions for the enlargement of the track area of the yards. The old lee house in the right of way east of the tracks will be moved to the vicinity of Cooper & Gillman's coal office and land lying along the right of way further north will probably be purchased.

ACCIDENT INSURANCE.

THE TRAVELERS' INSURANCE Company introduced accident insurance into America over forty years ago, and has ever since been the pioneer in all practices beneficial to the interests of the business, and although their success has encouraged others to form companies to transact the business of accident insurance, the leadership of The Travelers' has made it difficult for competitors to get business, save by apparent inducements not contained in THE TRAVELERS' contracts. These have been illusory, for while of apparent advantage to the policy holder, they have been more than offset by conditions less liberal than the contract of THE TRAVELERS', and have been obscured by small type and by equivocal language. No better contract than THE TRAVELERS' can be desired or issued with safety by any company. If, in the opinion of the public, other companies' forms seem more attractive, THE TRAVELERS', in addition to their own, are in a position to duplicate the latest contracts of leading competing companies, if desired.

Go Everywhere Else

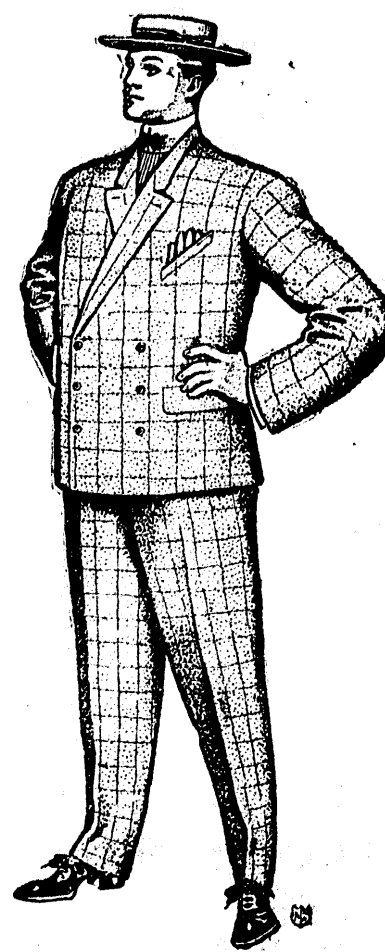

In town and have 'em show you suits for Young Men. Then come here and we'll slip a

College

Brand

suit on you. You'll buy just about ten times more quickly than if you hadn't seen how utterly un-

young, mannish, the other togs are. No other garments in the whole living world made only for men of your age and style-ideals. Extreme in all ways but price.

We are headquarters for Knox hats, Wilson Bros.' shirts, Shawknit socks, Fisk, Clark & Flagg's neck wear

Seeberger & Bro

How About those Sore Feet?

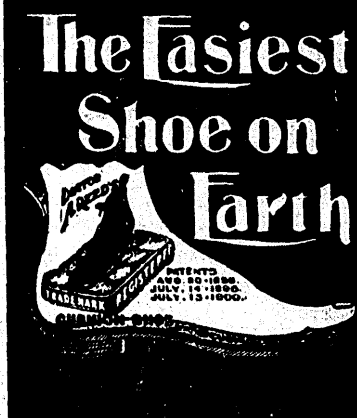

Almost every one has more or less trouble to secure a comfortable feeling shoe. People who are on their feet a great deal often complain of the hardness of the bottom of the sole of the ordinary shoe. It is this continuous jarring on an uneven sole that causes so many of the aches, pains and discomforts. We have a shoe that is designed expressly for comfort, it is Dr. Reed's cushion soled shoe.

Genuine Solid Comfort

is an assured feature of these shoes. If you are bothered with troublesome feet, these give relief.

A complete showing of heavy work shoes for the farm, in seamless congress, lace or buckle. Our lines are exceptionally strong this year.

We carry footwear for all.

HOPPER & SON, - South Side Shoemen
